

Infinix

GT MAGCHARGE COOLER

Model: XG03Pro

Hereby, INFINIX MOBILITY LIMITED.
Declares that this GT MAGCHARGE COOLER in
compliance with the essential requirements and
other relevant provisions of directive 2014/53/EU.

Details instruction:

Instructions:

(Installation with Spring Clip):

1. Installing the Radiator
Attach the radiator directly to the back of your phone or the magnetic area of your phone case. Adjust the position to ensure the cooling surface fits snugly against your device.
2. Powering On the Device
Connect the Type-C charging cable to the radiator's Type-C input port. The ambient LED lights will illuminate, and the fan will begin rotating, indicating that the radiator is operational.
3. Button Operations
- Power On: When connected to a power source via cable, both the fan and wireless charging function will activate.
 - Disable Wireless Charging: Long-press the power button for 2 seconds (Fan continues running).
 - Enable Wireless Charging: Short-press the power button once (If currently disabled).
 - Power Off: Unplug the charger or cable to completely shut down the device (Fan and wireless charging disabled).

Important Notes:

1. Power Requirements: Use a charger rated ≥30W and a 3A cable for optimal performance. Lower specifications may reduce cooling efficiency.
2. Condensation Alert: Moisture or water droplets may form during operation. This is a normal phenomenon in semiconductor refrigeration systems.

FCC Caution:

Labeling requirements.
This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) This device may not cause harmful interference.
(2) This device must accept any interference received, including interference that may cause undesired operation.

Information to user.
Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
Information to the user.
Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.
If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
-- Reorient or relocate the receiving antenna.
-- Increase the separation between the equipment and receiver.
-- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
-- Consult the dealer or an experienced radio/TV technician for help.
Note: This device and its antenna(s) must not be co-located or operation in conjunction with any other antenna or transmitter.

FCC RF Radiation Exposure Statement:

- 1.This Transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.
- 2.This equipment complies with RF radiation exposure limits set forth for an uncontrolled environment.
- 3.This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.

CAUTION:

1. Do not perform other operations during the charging process.
2. Do not overload the charging bank to avoid dangerous situations such as explosion.
3. When not used for a long time, please pay attention to the storage location do not use the magnetic wireless charger in severely hot, humid or corrosive environments, to avoid current damage and occurs leakage;
4. Unplug the charger after it is fully charged to avoid damage caused by overcharging.
5. Do not squeeze or collisions;
6. Do not disassemble or throw into fire or water, to avoid causing a short circuit leakage;
7. Do not place too close with magnetic stripe or chip card (ID card, bank cards, etc.) to avoid magnetic failure;
8. Please keep the distance at least 20cm between implantable medical device (pace markers implantable cochlear, etc.) and the wireless charger, to avoid potential interference with the medical device;
9. Please take care of your children and make sure they do not play with the magnetic wireless charger as a toy to avoid unnecessary accidents,

EU DECLARATION OF CONFORMITY

in accordance with

1. Annex VI of Directive 2014/53/EU of the European Parliament and of the Council
For the following Radio equipment:
Model: XG03Pro
Product: GT MAGCHARGE COOLER
Trade name or Brand: Infinix
Software: WP240075W1_CY_4_20_0xA5130F35
Hardware number: WP240075W1-V1.5
2. Name and address of the manufacturer or his authorised representative:
Manufacturer: INFINIX MOBILITY LIMITED
Address: FLAT N 16/F BLOCK B UNIVERSAL INDUSTRIAL CENTRE 19-25 SHAN MEI STREET FOTAN NT HONGKONG
3. This declaration of conformity is issued under the sole responsibility of the Manufacturer.
4. Object of the declaration (identification of the radio equipment allowing traceability; it may include a colour image of sufficient clarity where necessary for the identification of the radio equipment):
5. The object of the declaration described above is in conformity with the relevant Union harmonization legislation: Directive 2014/53/EU (RED)
6. References to the relevant harmonised standards used or references to the other technical specifications in relation to which conformity is declared:

Article 3.1a Health:
EN IEC 62311:2020

Article 3.1a Electrical Safety:
EN IEC 62368-1:2020+A11:2020

Article 3.1b:
ETSI EN 301 489-1 V2:2,3 (2019-11)
ETSI EN 301 489-3 V2:3.2(2023-01)

Article 3.2:
ETSI EN 303 417 V1:1,1 (2017-09)

7. Notified Body Name: WORLD STANDARDIZATION CERTIFICATION & TESTING
POLSKA Sp. z o.o.
Notified Body Number: 2618
Notified Body Assessment Performed: Module B/C on Article 3.1a, 3.1b, 3.2
Technical File Identification Number: N/A

8. Where applicable, description of accessories and components, including software, which allow the radio equipment to operate as intended and covered by the EU declaration of conformity: User instructions are provided in the User Manual. The Software and Hardware versions are specified above.

9. Additional information:
Referring to Article 10.2 of the Directive, this equipment is so constructed that it can be operated in all Member States, without infringing applicable requirements on the use of radio spectrum.
Referring to Article 10.10 of the Directive, there are no restrictions on putting this equipment into service or of requirements for authorisation of use. Please refer to the User Manual for details.

On behalf of:
Manufacturer: INFINIX MOBILITY LIMITED
Address: FLAT N 16/F BLOCK B UNIVERSAL INDUSTRIAL CENTRE 19-25 SHAN MEI STREET FOTAN NT HONGKONG

(place and date of issue): Shenzhen, 2025-03-27

(name, function): Yang Daozhuang/ Manager

(signature): 
(Name and signature of person responsible)

Specifications:

Produce name : GT MAGCHARGE COOLER
Model: XG03Pro
Connect port : Type-C
Weight : 80.0g
Product size : 62X62X26.3mm

Frequency Range(RF):

110kHz-205kHz

RF Output power:

WPT: 33.5 dBμA/m(@3m)

Operating Voltage:

Input: 9.0 V~3.0 A or 11.0 V~3.0 A
Output: 5W /7.5W/15W

PRODUCT SERVICE

Product Quality Certificate	Product Number : _____
	User : _____
	Date : _____
1. Please keep this warranty card properly. 2. One year free warranty from date of sale.
