FCC/IC This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. This equipment has been test-

ed and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: Reorient or relocate the receiving

product, or (2) refund the purchase price of the product, provided that you return the product to Nuzzle as provided below. Nuzzle may request that you replace defective parts with new or refurbished user-installable parts that Nuzzle provides in fulfillment of its warranty obligation. A replacement product or part, including a user-installable part that has been installed in accordance with instructions provided by Nuzzle, assumes the remaining warranty of the original product or ninety (90) days from the date of replacement or repair, whichever provides longer coverage for you.

eliminates the functionality or successful operation of a feature critical to the primary functionality or successful operation of the product for a period of ONE (1) YEAR from the earlier of: the date of (i) retail purchase by the original end-user purchaser (as evidenced by proof of purchase), or (ii) first use of the product ("Warranty Period"). Whether a defect occurs will be determined solely with reference to the published product documentation. If a hardware defect arises and a valid claim is received by Nuzzle within the Warranty Period, Nuzzle will, at its sole and exclusive option and to the extent permitted by law, either (1) exchange the product with a product that is new or equivalent to new in performance and reliability and is at least functionally equivalent to the original

antenna. Increase the separation between the equipment and receiver. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. Consult the dealer or an experienced radio/TV technician for help.

ICC RSS-GEN STATEMENT This Device complies with Industry Canada License-exempt RSS standard(s). Operation is subject to the following two conditions: 1) this device may not cause interference, and 2) this device must accept any interference, including interference that may cause undesired operation of the device. Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes: (1) l'appareil ne doit pas produire de brouillage,
