Adopting the external unidirectional microphone ensures a high quality talking while driving; And a Micro SD card slot that lets you enjoy favorite tunes by your car's stereo system. What's more,it also equips Dual USB ports (QC 3.0 & 2.4A) for your charging solution . Hope this device makes your driving more interesting and safer.

Packing contents:

- Wireless device X 1
- User Guide X 1
- Sticky nano-silicon pad X 1

Specifications:

- Wireless Version: V5.0
- Wireless Protocol: AVRCP,HFP,A2DP
- Frequency Range: 88.1-107.9MHZ
- Frequency Stability: ±10ppm
- Product Input: 12-24V
- Micro SD Card (max Capacity): 32GB
- Music Format: MP3,WMA, APE,FLAC,WAV
- Wireless Distance: about 5m
- Charger Output: 5V/2.4A + 5V/3A
- Size of Screen: 16*27mm(White LED)
- Language: English
- Material: ABS+PC
- Product Size: 66.75*43*72.8mm
- Power Size: 37.7*28.8*90.16mm
- Product Weight: 85g
- Cable length: 1.2M

Features:

- 1.Wirelessly transmit phone call & audio streaming to the car FM stereo system via Wireless.
- 2.Switch to Hands-free mode automatically from music streaming status when receiving phone call.
- 3.External unidirectional microphone to optimize your voice better and reject other noise
- 4.Suppress environment noises by a simple Click.
- 5.Exquisite & dashboard mount design adds luster to your car interior.
- 6.Quick activation of Siri /Google assistant and etc...
- 7.Detect the voltage of car battery when powered on
- 8.Support to turn off FM transmission function.
- 9.Support TF card reading Max 32G
- 10.Dual USB Charging Ports: 5V/2.4A + QC3.0
- 11.Big white LED display

Compatibility:

This device can be paired as a hands free kit with any compatible Wireless 2.1 or higher enabled devices.

Precautions:

Please read all safety instruction warnings carefully before using this product. Improper use of this product may result in damage to this or attached products. To ensure the products work well, please never use this in the following conditions:

1. Moist or underwater conditions.
2. Conditions near heater or high-temperature service.
3. Conditions with direct and strong sunshine.
4. Conditions with adapter damage
5. Never dismantle the product without due permission, otherwise it may nullify the warranty clause.

Installation

- 1.Tear the top protective film of nano-silicon pad.

- 2.Put the device on the pad.

- 3.Tear the bottom protective file and paste it on the dashboard.

Appearance:

Button Controls

	1. Frequency increase 2. Previous song		1. Frequency decrease 2. Next song
	1.CH Button 2.Press and hold for 5 seconds to turn off FM transmission function		Unidirectional microphone

3. Assemble the rubber washer
4. Assemble the metal washer
5. Rotate the screw clockwise into the bottom of the Wireless FM Transmitter

FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

To assure continued compliance, any changes or modifications not expressly approved by the party.

Responsible for compliance could void the user's authority to operate this equipment. (Example- use only shielded interface cables when connecting to computer or peripheral devices).

This equipment complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

RF warning statement:

The device has been evaluated to meet general RF exposure requirement.
The device can be used in portable exposure condition without restriction.
