FCV Warning
This equipment must be used with part 15 of the FCC rules. Operation is subject to the following two conditions: (1) this device may cause harmful interference, and (2) this device must accept any interference, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference to other licensed operations in this band. This equipment generates uses and can radiate radio frequency energy and, if not installed and used properly, it may cause interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If interference does occur, you may wish to take the following steps to correct the interference: (1) Reorient or relocate the receiving antenna. (2) Increase the separation between the equipment and receiver. (3) Connect the equipment to an outlet on a circuit different from that to which the receiver is connected. (4) Consult the dealer or an experienced radio/TV technician for help.

This equipment complies with FCC radio frequency limits set forth for Class B digital devices. Shielded cables must be used throughout and operated with minimum distance 20cm between the radiator and your body.
