

Product Overview

Paring Operation

1. Pairing for The First Time:
Press & hold power button for 3 seconds. The speaker turns on and enters into searching mode with a notification sound and the indicator blinks red and blue quickly. Look for Mi Portable Bluetooth Speaker on your mobile device to pair up.

2. Automatic Pairing:
The speaker will automatically pair with the last paired device, and confirm that pairing has succeeded with a notification sound. If automatic pairing fails, the device will re-enter stand-by mode.

3. Re-pairing:
Double press the power button to enter into paring mode.

4. Answering Calls:
When connected to mobile phones, short press the power button to answer, and press again to hang up.

5. Low battery and Charging:

When the battery level is low, the device will send a notification sound with red light blinking. If not charged in time, the device will turn off automatically.

Other Functions

1. The system will automatically turn off if it fails to pair with any device within 5 minutes.

2. Battery level indicator: only applicable to devices with iOS system and some Xiaomi devices. The battery level will be shown on the status bar.

Specifications

Bluetooth
Bluetooth Version: V4.0
Frequency: 2.4GHz
Communication Range: about 5m
Communication Protocol: A2DP V1.2/AVRCP

Audio
Rated Power: 2W
SNR: 53dB
Impedance: 4Ω
Distortion: THD≤5%

Port
IN Power Supply: Micro USB

Power Supply

Battery Type: Built-in 480mAh lithium battery
Power Input: 5V=300mA
Charging Time: 2h
Playtime: 4h

LED Indicator Status
Paring: The indicator blinks red and blue quickly,
Low Battery: The indicator blinks red every 5 minutes, along with low battery notification alert.

Model No.: XMYX02YM

Warning: Battery, battery pack or assembled battery must not be exposed to sunlight, fire or other overheated environments.

Warning

Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

1. Reorient or relocate the receiving antenna.

2. Increase the separation between the equipment and receiver.

3. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

4. Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. this device may not cause harmful interference, and

2. this device must accept any interference received, including interference that may cause undesired operation.
