

# Meet your new Augie!

Augie is a fun little robot that makes coding easy. You can use pictures to create basic programs for it to complete or put your problem-solving skills, logic, and creativity to the test as you learn about computer programming!

## Package contains

- 1 Augie
- 1 Adapter
- 1 Charger

## Product information

Name: Augie  
Product number: Pi0005W  
Product dimensions: 5.9 in x 5.9 in x 4.9 in  
Product weight: 1.6 lbs  
System: Linux 3.10  
Processor: Cortex-A8  
Input: 100-240 V, 0.35 A (largest) 50-60 Hz  
Company name: Pai Technology Inc.  
520 Broadway, Second Floor, Santa Monica, CA 90401.

## Augie Info Icons

### Special statuses:

Standby: When Augie hasn't been used for 3 minutes, it will enter standby mode. The screen will change and emit a random sound.  
Sleep: After the device has been on standby for 5 minutes, it will enter sleep mode. The screen and lights will turn off and it will disconnect from the app.  
Waking up: To wake Augie up, cover the front sensors with your hand until the light on the side flashes.

## Product introduction

## Set-Up

### Download the App

Search for "Augie" on the App Store. Download and install the app.

### Power Augie On

The power switch is located on the bottom of Augie. Move the switch to the "On" position. See picture to the right. After about 15 seconds Augie will make sounds, this indicates startup is complete.

### Connect Augie

- Next to the power switch is the Wi-Fi switch. To begin, move this switch to the "LAN" position. See picture below.
- Ensure your tablet is connected to the internet. Then open the Wi-Fi settings on your device and select the wi-fi network named Augie - xxxxxxx. You will then be prompted for the password. The default password is:00000000

- Enter the Augie app, and wait for a few moments for the app to connect to Augie. When the app and Augie have successfully connected you will see the image to your right pop up. Tap on the Augie icon to finish connection.

If your Augie does not automatically connect, click on the icon in the top right to restart the connection process.

- While in LAN mode, open the app's connection settings. In "Connection setting," enter your Wi-Fi account and password to connect, then press save.

- Open your device's Wi-Fi settings and reconnect your device to the network you entered in step 4, as shown in the picture:

- Locate the Wi-Fi switch on the bottom of Augie, and move it to the "WLAN" position. See below image.

- Return to the app, repeat step 3.

\*If you wish change the Wi-Fi network that Augie is connected to, please repeat steps 4-7.

Limited Warranty information

Who is covered:  
This warranty is extended only to the original end-use purchaser or the person receiving the product as a gift, and shall not be extended to any other person or transferee.

What is covered/For how long:  
Unless a different warranty period is stated in the Owner's guide provided with your Pai product, for a period of under 1 year for anything that may be incorporated into this product from the date of retail purchase by the original end-use purchaser, Pai warrants that this product, when delivered to you in new condition, in original packaging, from a Pai authorized reseller and used in normal conditions, is free from any defects in manufacturing, materials and workmanship.

What is not covered:  
This warranty does not cover defects resulting from improper or unreasonable use or maintenance; failure to follow operating instructions; accident; excess moisture; insects; lightning; power surges; connections to improper voltage supply; unauthorized alteration or modification of original condition; damages caused by inadequate packing or shipping procedures; loss of, damage to or corruption of stored data; damages caused by use with non-Pai products; product that requires modification or adaptation to enable it to operate in any country other than the country for which it was designed, manufactured, approved and/or authorized, or repair of products damaged by these modifications; and products purchased from unauthorized dealers.

What we will do:  
During the warranty period, we will, at our sole option, repair or replace (using new or refurbished replacement parts) any defective parts within a reasonable period of time and free of charge.

What you must do to obtain Limited Warranty Service:  
Return product, with proof of purchase from an authorized dealer. Please contact Pai Technology at customerservice@pai.technology for specific return and shipping instructions.

Other conditions:  
The provisions of this limited warranty are in lieu of any other warranty, whether expressed or implied, written or oral, including any warranty of merchantability or fitness for a particular purpose. Pai corporation's maximum liability shall not exceed the actual purchase price paid by you for the product. in no event shall Pai be liable for loss of, damage to or corruption of stored data, or for special, incidental, consequential, or indirect damages howsoever caused including without limitation the replacement of equipment and property, and any costs of recovering, programming or reproducing any program or data stored in or used with your Pai product. This warranty is void if the label bearing the serial number has been removed or defaced.

Other legal rights:  
This limited warranty gives you specific legal rights, and you also may have other rights that vary from state to state or country to country. Some places do not allow limitations on implied warranties or the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you.

Safety

Regulations, safety, and environment:

This document is subject to change without prior notice. Full warranty for this product and service are fully outlined in the limited warranty statement that accompanies this product and service. Any content in this document does not constitute any additional warranty. Pai Technology Inc. does not assume responsibility for any technical errors, editorial errors, or omissions in this document.

About this guide –This guide provides regulatory, safety, and environmental information that complies with U.S. regulations.

 **Warning!** Text that appear like this indicate that if you do not follow the instructions, it may cause personal injury or life hazard.  
 **Note:** Text that appear like this indicate that failure to follow the instructions may result in damage to the equipment or loss of information.  
**Note:** Text that appear like this provide important supplemental information.

I. Safe usage

 **Warning!** To reduce the risk of injury, and for a better experience, please read the detailed product manual.

**1. Regulations**  
This product has one or more wireless components installed. In certain circumstances, wireless devices may be restricted: on airplanes, in hospitals, or near flammable, explosive, or hazardous materials. If you are not certain of the rules regarding your device in these situations, please review the requirements of the area in question before turning on your device. These rules may be

located on the underside of your product, or in some other visible location.

**2. Changing the battery**  
When the battery expires, do not dispose of the battery with the household garbage. Please dispose of the battery according to your local laws and regulations.

**3. Factory-sealed battery**  
The battery cannot be easily replaced or removed without affecting the warranty. If the charger is lost, please contact Customer Service at customerservice@pai.technology

**4. Electromagnetic compatibility statement**  
This product has been tested to comply with the electromagnetic compatibility restrictions, of the United States, but the use of non-company products or other recommended accessories may change and affect the electromagnetic compatibility of the product.

 **Warning of the United States,** to reduce the risk of injury and for a better experience, please read the detailed product manual.

**5. Replacing the battery**  
 **Warning!** If the battery you use is not the correct type, there may be an explosion hazard. Please follow the instructions to dispose of used batteries.  
 **Warning!** To reduce the risk of fire or burn injuries, do not disassemble, crush, or pierce the battery. Do not bring the exterior of the battery into direct contact with circuits. Do not place into fire or water.  
 **Warning!** Keep the battery away from children.  
 **Warning!** In order to reduce safety risks, this product should use matching batteries, or replacement batteries and battery accessories provided by the company.

6. Power cable

 **Note!** To reduce the risk of electric shock or equipment damage, please note the following:  
Plug the power cord into an AC outlet that can be pulled out at any time.  
Unplug the product from the AC outlet by disconnecting the power cord.  
If the power cord is equipped with a 3-pronged plug, plug the power cord into a grounded 3-hole socket. Do not tamper with the grounding prong on the power cord, as it plays an important safety role.  
 **Warning!** To reduce safety hazards, this product should be used with a compatible power adapter or a replacement adapter provided by Pai Technology.

Other health and safety information  
- This product must be used under direct supervision by adults.  
- Please comply with the terms of the warranty to prolong the product's life.  
- If the product comes in contact with liquid or other debris, please wipe it away immediately.  
- Do not mishandle or throw the product.  
- Do not squeeze or apply excessive pressure on the product surface, otherwise it may cause product deformation or damage.  
- Do not place this product in or around heating equipment or high voltage equipment, as this may cause product damage or other accidents.  
- Clean the product with a soft, dry cloth. Do not wash it.  
- This product should not come into contact with water.

FCC Compliance Statement

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:  
(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

**Note:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:  
Reorient or relocate the receiving antenna.  
Increase the separation between the equipment and receiver.  
Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.  
Consult the dealer or an experienced radio/television technician for help.

**FCC Radiation Exposure Statement:**

This transmitter must not be co-location or operating in conjunction with any other antenna or transmitter.  
This equipment complies with FCC RF radiation exposure limits set forth for an uncontrolled environment.
