

PARTY PAL BT SPEAKER

INSTRUCTION MANUAL

IMPORTANT SAFETY INFORMATION:

1. Read all instructions before using this product.
2. Do not leave it unattended while charging.
3. Do not expose to water or moist environments.
4. Do not use if the item has been damaged in any way.
5. Do not expose to intense heat or cold.
6. Do not disassemble or adjust the item in any way.
7. Never dispose of batteries in the garbage.
8. This is unlawful under state and federal environmental laws and regulations. Always take used batteries to your local battery recycling center.

Specifications:

Input: 5V
 Powered by: 300mah rechargeable built-in battery
 Playing time: around 2 hours
 Charging Time: around 1 hour
 Product size: dia 8.5*6cm

Bluetooth® Connection:

Press & hold the ON/OFF button until there is voice command & LED flashes blue. The device is ready to pair. Make sure the Bluetooth® function on your device is ON. Search for & select "PARTY PAL BT SPEAKER". A voice command will state that the connection is successful.

CHARGING:

The Speaker includes a built in rechargeable battery. It is recommended to charge the battery fully prior to first use. Connect the USB cable to a computer or other USB charging port and the Type-C plug into the charging port of the speaker. The LED indicator turns RED while charging and turns OFF once charging is completed.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:
 (1) This device may not cause harmful interference, and
 (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC Statement

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
