To Connect to the Internet, you will need:

(Home WiFi Router)

or

and

- A Home WiFi Router OR a publicly-available WiFi signal (ie., In a library, coffee shop or school.)
- The Network Name (SSID) and Network Security Key (ie., Password) for the Internet Connection.

1 Charge the Tablet

Connect the power adapter to a wall outlet, then to the tablet's micro USB port as shown. It is recommended to fully charge the battery before first use. A battery status indicator appears in the lower right corner of the Task Bar. Tap to view the current battery level, time remaining, brightness control, and settings for power and sleep modes.

It is normal for the tablet to become warmer while charging, streaming video, or multi-tasking. Battery life between charges will vary depending on display brightness, apps that remain open, and most importantly, your internet use. For example, streaming movies from the internet will consume more battery resources than most other applications.

Connecting the Tablet and Keyboard

Your tablet features a specially-designed magnetic hinge that attaches and secures the tablet and keyboard together, enabling quick and easy docking.

- 1. Dock Port**
Connect the 5-pin magnetic dock port to support the keyboard.
- 2. Hinge Tabs**
Align and insert tabs into their respective slots in the tablet.

Undocking the Tablet

Firmly grasp the tablet and secure the keyboard at the same time, then gently pull up on the tablet.

2 Turn-on the Tablet and follow the prompts.

Use the Setup Wizard **3**

During the setup process, you will be able to:

- Create a Microsoft account
- Personalize the unit
- Establish a Password.

Select a WiFi Network and type-in the Password

or

Select 'skip this section' at the bottom of the list.
You'll be able to connect later (See page 18)

3 Familiarize yourself with Windows.
(Shown here in Tablet Mode, with live tiles.)

1	Select Pinned tiles or All apps menu
2	Account Settings: Change account settings or Sign out.
3	Windows Settings : View and adjust settings for the System, Internet, Security, etc.
4	Power: Sleep, Shut down or restart the system.
5	Windows: Return to Home screen. (Desktop Mode) View Apps menu and pinned tiles.
6	Go to Previous screen
7	Activate Cortana
8	Task View: View active windows.
9	Battery: Shows battery level.
10	WiFi: View network settings or activate Airplane mode.
11	Volume: Adjust volume level.
12	Windows Ink Workspace: Opens menu featuring Windows Ink apps.
13	Keyboard: While in Desktop Mode, tap or click to use the virtual keyboard.
14	Date & Time: Adjust settings.
15	Action Center: Opens the Action Center menu.

4 Connecting to the Internet

Tap on the WiFi icon, and a menu will appear with all available WiFi signals. Look for and select the Network Name in your WiFi listing, on your tablet.

Select Connect. If a Network Security Key is required, tapping on the input window will open a keyboard (in 'Tablet Mode') to use for typing the information. See page 8 for information on finding your Network Name and Network Security Key (ie., Password).

5 Connecting to the Internet

Once you have a WiFi connection, you can go to the internet using the Microsoft Edge Browser.

Tip: If you don't see the Edge icon on your desktop, tap on the Windows logo  > All apps icon  and scroll down the list until you see "Edge".

Important Safety Instructions

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions:
(1) this device may not cause harmful interference, and (2) this device must accept any interference received,
including interference that may cause undesired operation.

Please read the following instructions and notices before using your tablet.

1. Avoid using in extremely hot, cold, dusty, damp or wet environments.
2. The tablet is not moisture or water-resistant. Avoid using the tablet around sources of water.
3. Avoid dropping or forcibly placing the tablet onto a hard surface. This may damage the screen or internal electronic components and void the warranty.
4. Do not use alcohol, thinner or benzene to clean the surface of the tablet. Use only cleaning products designed for computer tablet devices.
5. Do not use the tablet while walking or driving.
6. Excessive use of earphones at high volume may lead to hearing impairment. Limit earphone usage, and adjust the volume to a moderate level only.
7. The images in this manual may vary slightly from the actual product.
8. Charge the tablet battery under any of the following circumstances:
 - a. Battery level icon indicates low power
 - b. Tablet powers-off automatically, continuing to do so even after restarting.
 - c. On-screen keys or display does not function properly.
9. Do not suddenly disconnect the tablet when formatting, uploading or downloading data. This may lead to program errors (e.g., system or screen "freezing".)
10. Static discharge is normal and can occur in an electronic device. Although not life threatening, it may corrupt files or damage memory and its content. Do not use accessories that are not from Nuvision.
11. Dismantling the tablet will void the manufacturer's warranty. If you are experiencing problems, review this quick start guide or visit the FAQ online at www.nuvision.com.
12. Tablet functions, hardware, software, and warranty information may be revised by the manufacturer or their respective owners, and subject to change without notice.
13. Warning: This product may contain a chemical known to the State of California to cause cancer, birth defects, or other reproductive harm.
