Rotate Skybuds down to lock into place.

# WEARING & PAIRING

## STEP 2

### Out of the Box

- A. Press and hold the button on both Skybuds for 3 seconds. You will hear both Skybuds power up.
- B. Listen to the audio setup instructions to get started.

### Everyday Usage

- A. Press the button on either Skybud 3x.
- B. Your Skybuds are now in pairing mode and you will hear a sound in both earbuds confirming this step.
- C. You will hear an audio confirmation once your Skybuds have successfully been paired and are ready to use.

# WEARING & PAIRING

## STEP 3

- A. Go to the settings menu on your phone or device and turn on Bluetooth.
- B. Once you've accessed Bluetooth Settings, you'll see two devices ready to pair. Please pair both Skybuds to your device (only one Skybud will be shown as connected in your device's Bluetooth settings at a time).
- C. You'll hear "you're now online" in the voice prompts. Now you're ready to listen to music and make phone calls.
- D. To set up advanced features, please download the Skybuds app on your phone.

# WEARING & PAIRING

## STEP 4

Download the Skybuds app and follow the instructions on the next page to complete the setup process.

The Skybuds app lets you further take control of your Skybuds with even more features. Features include:

- Battery Life Indication
- Find Lost Skybuds or Skydock
- Pairing to other devices
- Charging Status
- Shop
