13 Maintenance

F0 body has stains, you can use soft cloth with little water wiping; if it is difficult to clean the stain, you can use toothpaste and toothbrush clean, then use wet cloth clean.

Tips: Don't use alcohol, petrol, kerosene or other corrosive and volatile chemical solvent, otherwise appearance and inner structures will be badly damaged. Don't use pressure gun spray.

When not in use, the storage of F0 is dry and cool place, don't put it in the outdoor for a long time. The sun/ hot/ cold outdoor environment will accelerate aging of F0 appearance, tire and battery.

F0 battery Maintenance

Don't put battery in the more than 50℃ or less than -20℃ environment(such as, please do not lay F0 or battery on the car under the summer sun). Don't put the battery into fire, it caused battery failure, overheating, even fire. Other battery maintenance please refer to battery brand under the body.

As far as possible to avoid power fully draining, please charge in time, extend the life of battery. In addition, battery will achieve extended range and high performance in the normal temperature; if you use F0 under 0℃, extended range and performance of battery will decline.

17 F0 Specifications

Index	item	F0 electric scooter
size	Folding (mm)	843*425*260
	Height (mm)	1100
weight	Maxium Load (kg)	120
	Net weight (kg)	9.8
Riding	For age(year)	16~50
	For height(cm)	120~200
Scooter	Max speed(km/h)	25~30
	Distance(km)	15~20(Standard)/20~25(High-end)
	Max Gradeability	15Deg
	Working Temp.	-10℃~50℃
	Waterproof Grade	IP54
Battery	Rated Voltage(V)	36
	Max Charged Voltage(V)	42
	Capacity(AH)	4.4(Standard)/5.8(High-end)
Motor	Rated Power(W)	250
	Max Power(W)	630
Charger	Rated Power(W)	63
	AC Power (V)	100~240AC (50/60HZ)
	DC Power (V)	42 DC
	Current (A)	1.5
	Charging Time(Hr.)	About3

18 FCC Caution.

§ 15.19 Labelling requirements.
This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

§ 15.21 Information to user.
Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

§ 15.105 Information to the user.
Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

18 Contact us

If you have any questions related to the product's operation, maintenance, warranty, safety, or if you want to provide feedback to the manufacturer about product malfunctions, you may contact us by any of the methods listed below. We are happy to assist you.

An official QR code is located on the back of this user manual. Scanning the QR code with your mobile device will direct you to Kuailun's official website, where you can obtain the latest information about the product.

Please contact your dealer directly for after-sales service. Or you can contact KUAILUN by filling in the feedback form on the KUAILUN website at www.kuailun.com.
