Adding New Product (C2PC) for existing Certification

Federal Communications Commission
Authorization and Evaluation Division
7435 Oakland Mills Road
Columbia, MD 21046
USA

Date: 2026-08-04

We, Qingdao Richmat Intelligence Technology inc hereby confirm that the models are listed in the following table meet the Class 2 permissive changes and/or certification conditions. The main differences shown as following.

Remarks	Product information	Changes	Conclusions
New Adding	FCC ID: 2AJJGHJ8258C	This application is based on the partial data of the module with model number HJ8258C referenced by the terminal device. The module ID is also referred to. The model number of this terminal device is C25E-B-02-1-111-MH-01, and the series model is C25E-X-XX-X-XXX-XX-XX. All the terminal devices of this series adopt the wireless module with model number HJ8258C. This module has passed the certification and its FCC number is 2AJJGHJ8258C.	The differences in the series models of the entire machine can be found in the model difference statement. Since the entire machine for this certification application references the module ID, radiation emission and radiation spurious emission related tests were conducted for the entire machine. The selected test model for the entire machine is C25E-B-02-1-111-MH-01.
Original	FCC ID: 2AJJGHJ8258C Date:2026-5-28		

Sincerely,

Yuan Chongjie / Engineer
