Subject: authorization for adding family models

To whom it May concern,

Statement

We confirm the product Handset with models H602-XX-XX-X-XXX-XX are same in the Schematic, PCB layout, Operation description, BOM and Antenna. Only the model names, color combinations of the casing, number of buttons, printed serial number and serial number are different. The detail refer to following.

H602-XX-XX-X-XXX-XX

The 6th and 7th positions represent radio frequency technology.

For example, "BL" stands for BLE.

The 9th and 10th positions represent the color combinations of the casing:

01 = Upper casing white, lower casing white, battery cover white;

02 = Casing black, inner casing black, battery cover black.

The 12th position indicates the number of buttons:

2 represents 2 buttons, 4 represents 4 buttons, and 6 represents 6 buttons.

The 14th, 15th, and 16th positions represent the last three digits of the printed serial number.

The 18th and 19th positions, XX, represent the serial number.

Yours sincerely,

A handwritten signature in black ink, appearing to read "Chongjie Yuan". The signature is fluid and cursive, with the first name "Chongjie" being more prominent than the last name "Yuan".

Signature

Chongjie Yuan /Certification engineer
