Attention: Whom It May Concerns

Subject: Permission to request of using the original RF module filing documents FCC ID: XF6-RS9113DB

On request from Hill-Rom Services Private Limited, We, Redpine Signals Inc hereby permit the use of Redpine Signals Inc's FCC ID: XF6-RS9113DB original module filing documents to Hill-Rom Services Private Limited for Hill-Rom Services Private Limited's new FCC ID authorization application as follows.

Original FCC ID: XF6-RS9113DB

Grant date: 01-13-2015

Granted company to use the original module FCC filing: Hill-Rom Services Private Limited

Although we, Redpine Signals Inc permit the use of above mentioned FCC certified transmitter module filing document to host manufacturer Hill-Rom Services Private Limited's new FCC authorization, it is Hill-Rom Services Private Limited's responsibility for full compliance to all applicable Commission's rules for the host equipment new grant.

The Hill-Rom Services Private Limited must follow all the engineering and operations guidelines as specified by the original grantee, Redpine Signals Inc.

If you have any questions on this authorization, please feel free to contact us at the address shown in below

Sincerely,

Thanking You,
For Redpine Signals Inc.,

A. Chandrasekhar
Vice President–Systems
Redpine Signals Inc.
