Dear Sir or Madam:

The product POS Terminal (model name: P1000 FCC ID: 2AJMSP1000) uses baseband platform MSM8909 which can support LTE FDD/TDD, WCDMA, CDMA 1x, GSM, EDGE functions. For use in the US marketing, the GPRS/EDGE 850 and 1900 bands ,WCDMA Band II, Band IV, Band V and LTE Band 2/4/5/7/12/13/25/26 are activated. The GSM voice and other functions are disabled by the manufacturer using the software.

Sincerely,

Signature:
