

EXHIBIT 4 - TEST SETUP PHOTOGRAPHS

**Conducted Emission
Test Setup***

**Radiation Emission Test
Setup (Below 30MHz)**

Radiation Emission Test Setup (30MHz to 1GHz)	 A photograph of a radiation emission test setup in an anechoic chamber. A white, rectangular test table is positioned in the center. On the table, a small electronic device is visible. The walls of the chamber are covered with white, square-shaped absorbers. To the right, there is a blue, cylindrical structure, possibly a probe or a component of the test setup. The floor is metallic and has yellow and black safety markings.
Radiation Emission Test Setup (1GHz to 18GHz)	 A photograph of a radiation emission test setup in an anechoic chamber. A white, rectangular test table is positioned in the center. On the table, a small electronic device is visible. The walls of the chamber are covered with white, square-shaped absorbers. In the foreground, there is a large, white, cylindrical structure, possibly a probe or a component of the test setup. A red, rectangular object is also visible on the table. The floor is metallic and has yellow and black safety markings.

**Radiation Emission Test
Setup (Above 18GHz)**

*** Means' only test and setup for PART 15C .**
