Cover Letter for re-use of Test Data

To Whom It May Concern:

The initial application is in the process of being grant according to FCC Part 15B, Part15.247, Part 22, Part 27 for FCC ID: 2AJOT-TA1316

The new equipment to be granted in this new application, according to FCC ID: 2AJOT-TA1321 only differ from the initial version (FCC ID: 2AJOT-TA1316) With the following Point:

|                                     |          |            |
|-------------------------------------|----------|------------|
|                                     | TA-1316  | TA-1321    |
| SIM                                 | Dual SIM | Single SIM |
| <b>All the others are the same.</b> |          |            |

The only changes described above do not affect the Radio Characteristics of the equipment. Consequently, Radio test data retrieved from the initial application FCC ID: 2AJOT-TA1316 can be re-used for the FCC ID: 2AJOT-TA1321.

However, based on our knowledge and our engineering judgment of the device design, the changes made, the format and amount of the spot check test data are described as below,

| FCC Rule Part   | Test items                                                                                    |
