Thank you for purchasing our high fidelity Bluetooth adapter; our company is committed to developing digital products and letting customers enjoy beautiful music anytime anywhere.

Audio reception (support APTX, APTX-LL), which allows you to enjoy the latest and most convenient terminal experience. The Bluetooth audio high fidelity receiver is recently released, simple to use and elegant with high-definition audio transmission.

Installation steps:
1. Plug in the power supply and press the button to open.
2. Plug in the audio out A or B and turn the power switch on/off.
3. When the device is connected to a mobile phone, open the Bluetooth of another phone, directly search for the device, and connect.
4. The operation method of connecting two phones:
   - You can change all wired sound devices into Bluetooth audio devices with our adapter. Get rid of wire, enjoy wireless music.

Application scenario:
- You can change all wired sound devices into Bluetooth audio devices with our adapter. Get rid of wire, enjoy wireless music.
- If the device has connected to a mobile phone, open the Bluetooth of another phone, directly search for the device, and connect.
- The operation method of connecting two phones:
  - You can change all wired sound devices into Bluetooth audio devices with our adapter. Get rid of wire, enjoy wireless music.

Product Information:
- **Product Type**: B06
- **Product Name**: Hi-Fi Bluetooth Receiver (Bluetooth Adapter)
- **Chipset**: CSR64215
- **Bluetooth Version**: 4.2
- **Frequency Response**: 20Hz–22kHz
- **Operating Voltage**: DC-5V
- **Working Current**: <30mA
- **Power Consumption**: <0.2W
- **Use**: Wired stereo Bluetooth audio

**Instruction:**
- If two phones are connected, the other phone can still search for "B06", but cannot be connected.
- Product Type: B06
- **Product Name**: Hi-Fi Bluetooth Receivers (Bluetooth Adapter)
- **Chipset**: CSR64215
- **Bluetooth Version**: 4.2
- **Frequency Response**: 20Hz–22kHz
- **Operating Voltage**: DC-5V
- **Working Current**: <30mA
- **Power Consumption**: <0.2W
- **Use**: Wired stereo Bluetooth audio

**Functional Characteristics:**
- 1. Support APTX and APTX-LL (high fidelity, low delay).
- 2. Support 3D audio.
- 3. Less power consumption.
- 4. It may connect two phones simultaneously.
- 5. Cool backlight.

**Package Contents:**
- Bluetooth adapter 1
- Power supply line 1
- Audio cable 1
- Red and white line 1
- Quick guide 1
- Instruction sheet 1

**FCC Warning:**
This equipment has been tested and found to comply with the limits of a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
