## Headphone Use Steps and Special Instructions

1. Turn on the charging case switch. (The charging case indicator light will turn on.)
2. Open the lid of the charging case and remove the earbuds.
3. Important: Turn on the charging case switch before opening the charging case. This is required for the earbuds to power on automatically.
4. To pair with another device, open the Bluetooth settings on your phone or other device, search for ***FUGTWS***, and tap to connect.
5. Place the earbuds back into the charging case to enter charging mode. The earbuds will automatically power off.
6. The wireless earbuds can be connected independently or together to Bluetooth devices.
7. The earbuds will automatically power off if they are not connected to a Bluetooth device for 5 minutes.

## Headphone Touch Function Description

1. Tap either earbud once to answer an incoming call. Double-tap the auxiliary earbud to decrease the volume, and double-tap the main earbud to increase the volume. Triple-tap the main earbud to play the next track, and triple-tap the auxiliary earbud to play the previous track. Press and hold for 3 seconds to activate Siri, and press and hold for 5 seconds to power the earbuds on or off.
2. After powering on, the earbuds will automatically reconnect to the previously paired phone.
3. The earbuds support dual-channel calling with audio in both the left and right earbuds.
4. Charging time: 60–90 minutes.
5. Charging voltage for the charging case: 5V.
6. The charging case takes approximately 60–90 minutes to charge. During charging, the red indicator light flashes and then remains on or turns off when charging is complete.
7. The charging case can fully charge the earbuds more than three times.
8. While the earbuds are charging, the red indicator light remains on, and the fully charged indicator light remains off.
9. The charging case indicator lights up while the charging case is charging the earbuds.
