- Power Supply: 1 x 1.5V AA alkaline battery (not included)

FCC

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference.
2. This device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

Reorient or relocate the receiving antenna.

Increase the separation between the equipment and receiver. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

Consult the dealer or an experienced radio/TV technician for help.

OTHER SAFETY INFORMATION

Disposal of Old Electrical & Electronic Equipment (Applicable in the European Union and Other European Countries with Separate Collection Systems)
The crossed-out wheeled bin symbol on the product or its packaging indicates that this product must not be treated as household waste. Instead, it should be taken to an appropriate collection point for the recycling of electrical and electronic equipment. By disposing of this product correctly, you will help prevent potential negative consequences for the environment and human health that could otherwise result from improper waste handling. For more detailed information about recycling this product, please contact your local household waste disposal service or the retailer where you purchased this item.

WARNING

1. Keep the device away from fire and water. Do not immerse the product in water, as doing so may cause explosion or leakage.
2. Do not attempt to disassemble the device. Servicing should only be performed by qualified technicians to avoid damaging the product.

BATTERY CAUTION

The battery used in this device may present a risk of fire, explosion, or chemical burns if used improperly.
Never use or charge the battery if it appears to be leaking, discolored, deformed, or otherwise damaged.
Never disassemble the unit or attempt to remove the battery, as doing so may cause leakage of alkaline solution or other electrolytic substances.
Always ensure the battery temperature is above 41°F (5°C) before replacing the battery.
Never expose the battery to liquids.
Never expose the battery to excessive heat, such as direct sunlight or fire.
Always keep the battery out of the reach of infants and small children.

RF WARNING STATEMENT

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.

FCC ID: 2AJUM-FUG16 FCC ID: 2AJUM-RCV

PRODUCT SPECIFICATIONS

Wireless 2.4G Keyboard
Material: ABS
Size: 14.85" x 6.35" x 1.8" (377 x 161 x 46 mm)
Weight: Approximately 615 g

⚠ WARNING: TO AVOID BATTERY LEAKAGE

1. Batteries are small parts and should be kept out of the reach of young children who may place them in their mouths. If swallowed, seek medical attention immediately and have the doctor contact the American Association of Poison Control Centers (1-800-222-1222).
2. Always purchase the correct battery size and type for the intended use.
3. Do not mix old and new batteries, alkaline batteries, standard (carbon-zinc) batteries, or rechargeable (nickel-cadmium) batteries.
4. Clean the battery contacts and the device contacts before installing the batteries.
5. Ensure the batteries are installed with the correct polarity (+ and -).
6. Remove the batteries if they are depleted or if the product will not be used for an extended period.
