PAIRING INSTRUCTIONS
1.Remove both earbuds from the charging case or press and hold the buttons for 3 seconds. The LEDs will flash alternately to indicate pairing mode.
2.Open your device's Bluetooth settings and select **AC-SLPDS** from the list.
3.Once paired, you're ready to go!

CHARGING INSTRUCTIONS

- Insert the earbuds into the charging case
- The LED will show charging status
- Use the provided Type-C cable to recharge the case

SAFETY & CARE TIPS

- Always charge in a clean, dry place
- Do not overcharge or leave plugged in for extended periods
- Use moderate volume to avoid hearing damage
- Avoid environments with strong signal interference
- Keep away from corrosive substances

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

IMPORTANT NOTE:
Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.
