What is 3Plus Loop Smart Ring?

3Plus Loop Smart Ring is a smart ring that can monitor your heart rate, blood oxygen saturation, and sleep quality. It is also compatible with various smartwatch and smartphone apps.

Key Features:

- Heart Rate Monitoring: Real-time heart rate monitoring with a heart rate sensor.
- Blood Oxygen Saturation: Real-time blood oxygen saturation monitoring with a blood oxygen sensor.
- Sleep Quality: Real-time sleep quality monitoring with a sleep sensor.
- Smartwatch & Smartphone Apps: Compatible with various smartwatch and smartphone apps.

- 1. Charge the Smart Ring**
- Charge the Smart Ring using the provided charging cable. The Smart Ring is fully charged when the LED indicator light turns on.
- 2. Connect the Smart Ring to your smartphone**
- Download the 3Plus Loop app from the App Store or Google Play. Open the app and follow the instructions to connect the Smart Ring to your smartphone.
- 3. Monitor your heart rate, blood oxygen saturation, and sleep quality**
- Once connected, the Smart Ring will automatically monitor your heart rate, blood oxygen saturation, and sleep quality. You can view the data in the 3Plus Loop app.

What's In the Box?

- 3Plus Loop Smart Ring
- Charging Cable
- User's Manual

Charging your Ring?

1. Connect the charging cable to the Smart Ring.

2. Plug the other end of the cable into a USB port.

3. The LED indicator light will turn on, indicating that the Smart Ring is charging.

Install the 3Plus Loop App on your Mobile Device & Set up/Register an Account

1. Download the 3Plus Loop app from the App Store or Google Play.

2. Open the app and follow the instructions to set up/register an account.

3. The app will automatically connect to the Smart Ring.

Wearing your Ring Comfortably

Wearing the Smart Ring is simple. Just slide it onto your finger. The Smart Ring is designed to be comfortable and easy to wear.

NOTE:

Do not wear the Smart Ring if you have a metal allergy or if you are pregnant. The Smart Ring is not a medical device and should not be used for medical purposes.

Monitoring & Understand your Data

The 3Plus Loop app provides detailed data and insights into your heart rate, blood oxygen saturation, and sleep quality. You can view the data in real-time and over a period of time.

Key Data Points:

- Heart Rate: Real-time heart rate monitoring.
- Blood Oxygen Saturation: Real-time blood oxygen saturation monitoring.
- Sleep Quality: Real-time sleep quality monitoring.

Smartwatch & Smartphone Apps

The 3Plus Loop Smart Ring is compatible with various smartwatch and smartphone apps. You can view the data in the 3Plus Loop app or in the smartwatch/smartphone app.

Compatible Apps:

- Apple Watch: 3Plus Loop app.
- Android: 3Plus Loop app.

System Requirements

The 3Plus Loop Smart Ring requires a smartphone or smartwatch with the following specifications:

- Operating System: iOS 12.0 or later, Android 8.0 or later.
- Storage: 512MB or more free space.
- Internet: Internet connection required.

Key Features

The 3Plus Loop Smart Ring features a heart rate sensor, a blood oxygen sensor, and a sleep sensor. It also features a rechargeable battery and a waterproof design.

Key Features:

- Heart Rate Sensor: Real-time heart rate monitoring.
- Blood Oxygen Sensor: Real-time blood oxygen saturation monitoring.
- Sleep Sensor: Real-time sleep quality monitoring.

Stay Connected at All Times with your App

The 3Plus Loop Smart Ring is always connected to your smartphone or smartwatch. You can view the data in the 3Plus Loop app or in the smartwatch/smartphone app.

Phone Assisted GPS Workouts

The 3Plus Loop Smart Ring is compatible with phone-assisted GPS workouts. You can use the 3Plus Loop app to track your workouts and view the data in the 3Plus Loop app.
