About MaxStream (Digi International)

MaxStream was acquired in October 2006 by Digi International. MaxStream, Inc. is the leading global developer of wireless modem networking devices for embedded systems. MaxStream is committed to providing a complete line of ZigBee® wireless solutions, including ZigBee modules, stand-alone RF modems, and development tools. Their XBee and XBee-PRO modules are interchangeable and network compatible, making them an ideal solution for any application that can benefit from the ZigBee protocol.
