2. Remove the Nano-USB receiver

100

100

3. Insert the Nano-USB receiver into your Desktop PC or Laptop. The drivers will download and install automatically.

ICC Information and Copyright
This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If you experience interference, you may wish to take the following steps to correct the problem:
—Reorient or relocate the receiving antenna.
—Increase the separation between the equipment and receiver.
—Connect the equipment into a power outlet on a circuit different from that to which the receiver is connected.
Consult the dealer or an experienced radio/TV technician for help.
This device can also cause interference to the following:
(1) This device may not cause harmful interference.
(2) This device may not accept any interference received, including interference that may cause undesired operation.
Changes and modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
