

[illegible][illegible]

1. Within the warranty period set by BONX Inc. (calculated from the product purchase date), as long as the failure of this product occurred while being used appropriately (used according to safety precautions and the correct intended use), the product will be repaired or replaced free of charge.

2. The following are not covered by the warranty.(1) If you do not submit the warranty and the broken product,(2) If you do not submit proof of purchase receipt, delivery slip, etc) showing the production date issued by the retailer or online store,(3) If the warranty is proven to have been forged or altered;(4) If the product has been taken apart, or damaged by repairs carried out by a third party not specified by BONX INC. or the customer;(5) If the product is used in violation of the safety precautions or intended purpose of use, or if the product is connected to equipment other than that specified by BONX INC., or if incorporated or used in such equipment; (6) Damage caused in damage to product liability.(6) If the product is damaged due to fire, lightning, flood, water damage, voltage abnormalities, power surges, lightning, wind and flood damage, other natural disasters, pollution, or voltage abnormalities.(8) If other reasons are found that violate fire, flood, lightning, wind and flood damage, other natural disasters, pollution, or voltage abnormalities.(8) If other reasons are found that violate fire, flood, lightning, wind and flood damage, other natural disasters, pollution, or voltage abnormalities.(8) If other reasons are found that violate fire, flood, lightning, wind and flood damage, other natural disasters, pollution, or voltage abnormalities.(8) If other reasons are found that violate fire, flood, lightning, wind and flood damage, other natural disasters, pollution, or voltage abnormalities.

3. The warranty for this product covers only products purchased in Japan and the United States. As for other countries, please refer to the product support page on our website which lists the latest information regarding warranties.

4. To request repairs, send the warranty card and proof of purchase date (receipt, delivery slip, etc) together with the product to our office.
5. The customer is responsible for any shipping fees incurred when shipping to our office. Also, we assume no responsibility if the product is damaged or lost while in transit.
6. The address for sending in your product for repairs will vary depending on what country you purchased the product in. Please refer to our support page and contact us for details.

7. For product failures, unless there is intent or gross negligence by BONX Inc., liability for damages, such as our defaulting on debt or illegal actions, will be the upper limit of the purchase price of this product. 8. We will assume no responsibilities for consequential, incidental, indirect, and mental damages, lost profits, or compensation for data loss caused by the failure of the product. 9. The warranty card will not be reissued. Keep it somewhere safe and secure.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device and its antenna(s) must not be co-located or operation in conjunction with any other antenna or transmitter.
Radiation Exposure Statement
The device has been evaluated to meet general RF exposure requirement, in portable exposure condition without restriction.

 When you no longer need to use this product,
be sure to dispose of it in accordance with the
local ordinances and laws of your area.
