| Weight                     | : 500g                                                                                                           |
| Charging Interface         | : DC 5V-1A Micro USB                                                                                             |
| Power Consumption          | : 5W                                                                                                             |
| Frequency Response         | : 200 Hz ~ 20 kHz                                                                                                |
| Battery                    | : Li-ion Rechargeable<br>Battery 3.7V 1800mA                                                                     |
| Battery Charge Time        | : 4 hours                                                                                                        |
| Normal Volume Playing Time | : 5 hours                                                                                                        |
| RF Power Control Range     | : 5dBm                                                                                                           |
| Operating Frequency        | : 2402 ~ 2480 MHz                                                                                                |
| Transmission Distance      | : < 10M (Transmission distance depend on the environmental factors with your phone or Bluetooth device differs.) |

(Charging cable included)

### HOW TO USE

#### LED

Press the light switch to turn on the light, and use the dimmer knob to control brightness.

#### SPEAKER

1. Press and hold speaker button for 3 seconds until the beep sound is turned on.
2. Turn on the Bluetooth device, then pair to the "Candle Light" device, the connection is successful when hear up the beep sound.
3. If the Bluetooth device is reminded to enter a password, please enter "0000" to connect.

Low battery warning : There will be a beep sound, please charge device.

#### INDICATOR STATUS

- — When the LED ON, the indicator went off.  
When the LED OFF, the indicator stayed on.  
Hold down to turn off the indicator.
- — Charging, RED
- — Charged, GREEN
- — for Bluetooth device to connect.  
Connect succeeded, BLUE.
- — Flashing in BLUE, playing music
- — Flashing in RED and BLUE is failed

### DIAGRAM

### CAUTION

Please do not place near fire (e.g. lighted candle)

#### FCC Compliance Statement:

This device complies with Part 15 of the FCC rules. Operation is subjected to the following two conditions:

- (1) this device may not cause harmful interference, and
  - (2) this device must accept any interference received, including interference that may cause undesired operation.
- Changes or modifications not expressly approved by the party responsible for compliance could void your authority to operate the equipment.

#### IC Compliance Statement: This device complies with Industry Canada's licence-exempt RSSs. Operation is subject to the following two conditions:

- (1) this device may not cause interference, and
- (2) this device must accept any interference, including interference that may cause undesired operation of the device.

#### Cet appareil est conforme aux CNR exemptes de licence d'Industrie Canada. Son fonctionnement est soumis aux deux conditions suivantes :

- (1) Ce dispositif ne peut causer d'interférences ; et
- (2) Ce dispositif doit accepter toute interférence, y compris les interférences qui peuvent causer un mauvais fonctionnement de l'appareil.
