Re: Request for confidentiality
FCC ID: 2AK5B-L3

To Whom It May Concern,

DOOR Systems, Inc. ("DOOR" or "we") hereby respectfully request that under the provision of 47 CFR 0.459 and 0.457(d) the documents listed below and attached with this application for certification be provided with confidential status.

Permanent Confidentiality

We hereby request that the documents listed below and attached with this application for certification be provided with permanent confidential status:

- Schematics
- Operational Description
- Frequency Block Diagrams
- Bill of Materials

Short-term Confidentiality

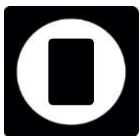

In addition we hereby request the following exhibits contained in this application to be temporarily (short-term confidentiality) withheld from the public disclosure for a period of 90 days:

- External Photos
- Internal Photos
- Test Set Up Photos
- User Manual

Rationale for Confidentiality Request

Permanent Confidentiality: DOOR has invested considerable time and materials in research and development to produce the referenced product. As such, the documents submitted with our application contain trade secrets and are treated confidentially by us. Substantial competitive harm to us could result should these documents be made available to the public.

Short term confidentiality: Disclosure of the short-term confidential portions of this application during the period of importation and/or distribution would reveal key aspects of proprietary technology to competitors and diminish the value of our investment in research and development.

Any exhibit / information for which we have requested confidentiality, but which may not be accorded such treatment by the FCC, should be returned to us.

Sincerely,

Signed by:

David Webster
