Federal Communications Commission

Re: Clarification of Corporate Name and Missouri Alternate Name Registration

To Whom It May Concern:

This letter is provided to clarify the relationship between the names referenced in our FCC application documentation.

DOOR Systems, Inc. is the legal name of the Delaware corporation formerly known as Latch Systems, Inc. DOOR Innovations, Inc. is the alternate name under which that same corporation is authorized to conduct business in the State of Missouri. As reflected in the attached Missouri filing, the State of Missouri approved an Amended Certificate of Authority in connection with the corporation's 2025 name change. Because the name "DOOR Systems, Inc." was not available for use in Missouri, the corporation was authorized to conduct business in Missouri under the alternate name "DOOR Innovations, Inc."

Accordingly, DOOR Innovations, Inc. and DOOR Systems, Inc. refer to the same underlying corporate entity. The FCC FRN correctly reflects the corporation's legal name, DOOR Systems, Inc., while Missouri records may reference DOOR Innovations, Inc. as the name under which the corporation is authorized to operate in Missouri.

Certain historical records, corporate filings, and supporting documentation may therefore reference either name depending on the timing of the filing and the jurisdiction involved. These references do not reflect separate entities, but rather the legal name and the Missouri-authorized alternate name of the same corporation. There has been no change in the ownership, management, control, or technical characteristics of the equipment associated with this filing. DOOR Systems, Inc., under its legal name and its Missouri-authorized alternate name, DOOR Innovations, Inc., continues to be the party responsible for all previous and future grants issued under FCC Grantee Code 2AK5B.

We respectfully request that the FCC accept this explanation as clarification of the naming discrepancy. Should any additional documentation be required, we would be pleased to provide it.

Thank you for your consideration.

Sincerely,

Signed by:

David Webster
