The image shows a green printed circuit board (PCB) for a mobile device, likely a smartphone. The board is rectangular with a large central cutout. It features various components including a camera lens and flash on the left, a microphone and earpiece on the right, and several connectors along the edges. The board is populated with numerous surface-mount components like resistors, capacitors, and integrated circuits. A ruler is placed below the board for scale, showing measurements in millimeters and centimeters. The board is placed on a blue surface.
