

Attn: Director of Certification

Cover letter regarding Class II Permissive Change application for FCC ID: 2AK6N-CM276NF

The applicant is seeking equipment authorization for use of a Wi-Fi / Bluetooth modular transmitter with the FCC ID referenced above in a host device with two of the same magnetic mount external monopole antenna. This is a different antenna type than the original grant allowed for. Besides the antenna change, no other changes are being made to the module or how it is being used (mobile configuration).

Test reports showing compliance of the radiated spurious emissions of the module in the host device with the new antenna are being submitted in this filing. An MPE report, the antenna datasheet and an updated manual are also being included in the filing.

Sincerely,

A handwritten signature in blue ink that reads "Martin Taylor". The signature is fluid and cursive, with the first and last names clearly legible.
