A small blue printed circuit board (PCB) module is shown next to a metric ruler. The module has various components labeled, including pins (PWR1, PWR2), SPI pins (SPI_MISO, SPI_MOSI, SPI_CS, SPI_CLK), a crystal oscillator (X1), and power supply pins (VCC, GND). A circular gold-colored pad is also visible on the right side of the module. The ruler indicates the module's size is approximately 10 mm wide and 15 mm high.
