

Model difference statement

We, Lumi United Technology Co., Ltd., hereby declare that the Equipment Under Test (EUT)—specifically the [Spatial Multi-Sensor FP400 Models: PS-S05E, PS-S05D], [Spatial Multi-Sensor FP400 Pro Models: PS-S06E, PS-S06D]—is technically identical in terms of structural design. Specifically, its circuit schematics, PCB layouts, hardware versions, and software versions are completely identical; the only differences lie in the model names, sales regions, and the definition of software functions. These software differences do not affect the functionality of the Radio Frequency (RF) parametersthe same software/firmware image is loaded on all models, with features enabled/disabled by model configuration flag,as detailed below,

IC: 22635-PSS05				
Hardware Version Id Number (HVIN): *Model Number*	PS-S05E	PS-S05D	PS-S06E	PS-S06D
Product Marketing Name (PMN)	Spatial Multi-Sensor FP400	Spatial Multi-Sensor FP400	Spatial Multi-Sensor FP400 Pro	Spatial Multi-Sensor FP400 Pro
