

MENU NAVIGATION

 While the screen is on double press the power button to enter the menu

BT4.0 tech to communicate with Omni-App, updata software from app.

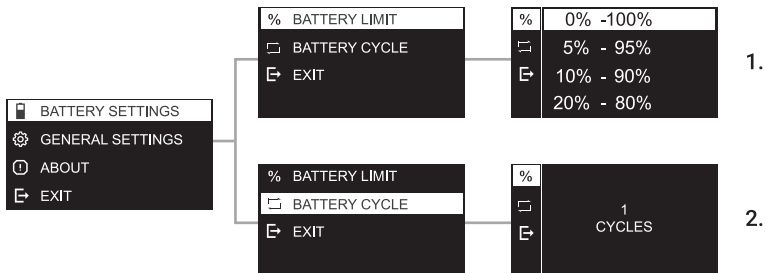

BATTERY SETTINGS

1. BATTERY LIMIT FUNCTION

Control how much you want to discharge/charge the batteries (%). We developed this function to help extend the lifespan of the battery. Limiting the charge/discharge percentage can reduce the stress on the chemicals inside the cell.

2. BATTERY CYCLE

View the total battery cycles your Omniccharge has gone through.

GENERAL SETTINGS

1. SCREEN OFF

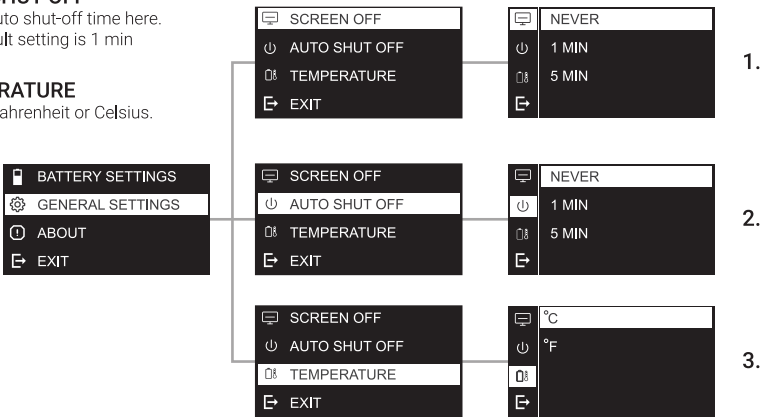

Set the screen-on time here. The default setting is 1 min

2. AUTO SHUT OFF

Set the auto shut-off time here.
The default setting is 1 min

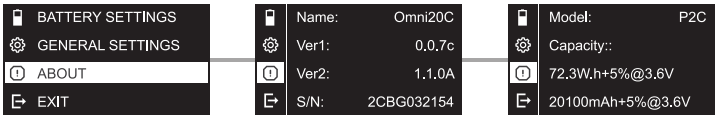

3. TEMPERATURE
