2 Coils Fast Wireless Charger User Manual	User Manual Thanks for choosing us! This is a wireless charger for Qi supported smart phones. It will enable you with a better charging experience and allows you to enjoy the fun of digital products easily. Please read the manual carefully before using this product, and keep properly this manual for possible future reference. Built in professional cooling fan, professional cooling technology, so that our wireless charging is faster than the original Samsung 1.5 times. Phone Charging made easy than ever, simply drop to charge. Sleep-Friendly LED indicator	Connect to Wall Adapter  ①Plug the Wall Adapter into the socket. ②Then connect the adapter and the charger with the provided USB cable. Tips: Charger controlled by smart chips, providing safe long time standby.	Connect to Laptop USB Port  ①Connect the Charger and laptop USB port with the provided USB cable.	Connect to Desktop USB Port  ①Connect the Charger and desktop USB port with the provided USB cable.	Status LED Indication  ①When powered on, LED indicator shines in BLUE for 5 seconds then lights-off and enter into Stand-by Mode. ②When a wireless charging enabled mobile phones being placed on the charger, LED will indicate different mode in below fashion, Charging: LED will shines constantly in GREEN during the whole charging process. Fully Charged: Lights off FOD/Malfunction: LED blinks in GREEN & BLUE in turns.	Charger Specifications Input (DC): 5.0V/2.0A; 9.0V/1.8A Output: 5W/7.5W/10W(self adjustable) Frequency: 115-205KHz Conversion Rate: >72% Dimension: 114*91*70mm Net Weight: 148g Tips 1. Do not squeeze or collide. 2. Do not disassemble or throw into fire or water to avoid causing a short circuit. 3. Do not use wireless charger in extremely hot, humid or corrosive environment. 4. Do not use near magnetic bank card or IC card to avoid malfunctioning. 5. Please keep minimum 20cm between implantable medical devices (pacemaker, implantable cochlear etc) to avoid potential interference with the medical device. 6. Keep out of reach of children and pets. The images in this manual are sketch drawing of actual product only, actual product might be slightly different. Package Includes: Wireless Charger * 1Pcs, 100cm USB cable * 1Pcs, User Manual* 1Pcs * Power Adapter is not included, please purchase separately if needed.

Warning Statement

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

To maintain compliance with FCC's RF Exposure guidelines, This equipment should be installed and operated with minimum distance 20cm between the radiator & your body. Use only the supplied antenna.
