List of Items

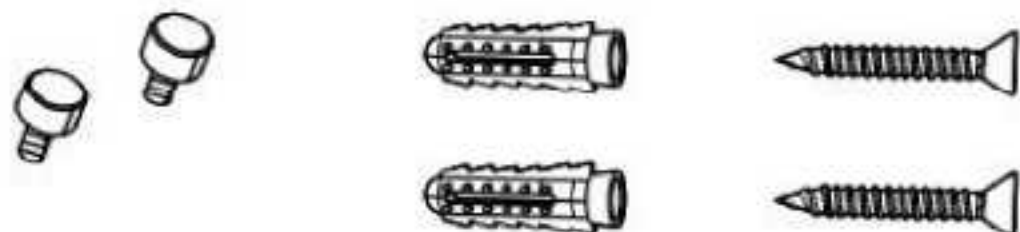

TF15 product*1

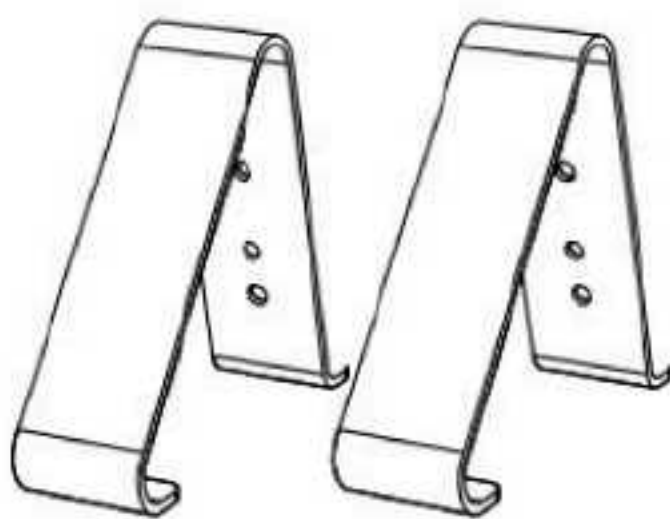

12V/2A Adapter*1

Wall - Mount Bracket*1

Hand - tightened Screws, Plastic Expansion Tubes and Self - tapping Screws*2

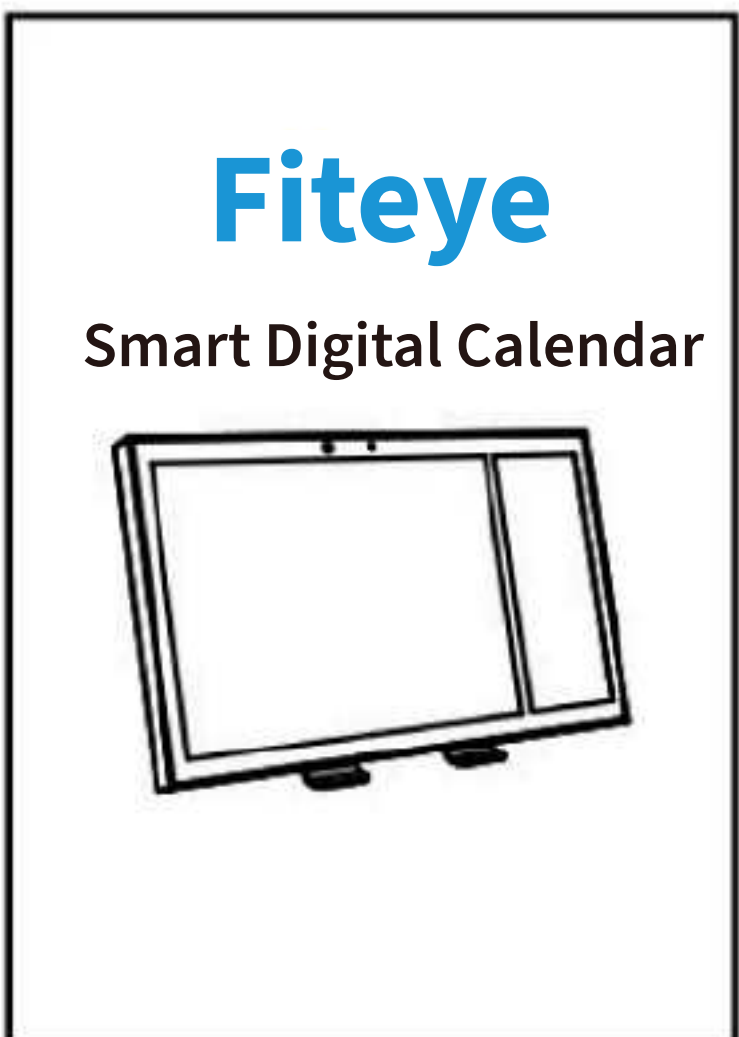

Desktop Stands*2

5.91 ft DC Power Extension Cable*1

Quick Guide*1

Instruction Manual*1

Setup Guide

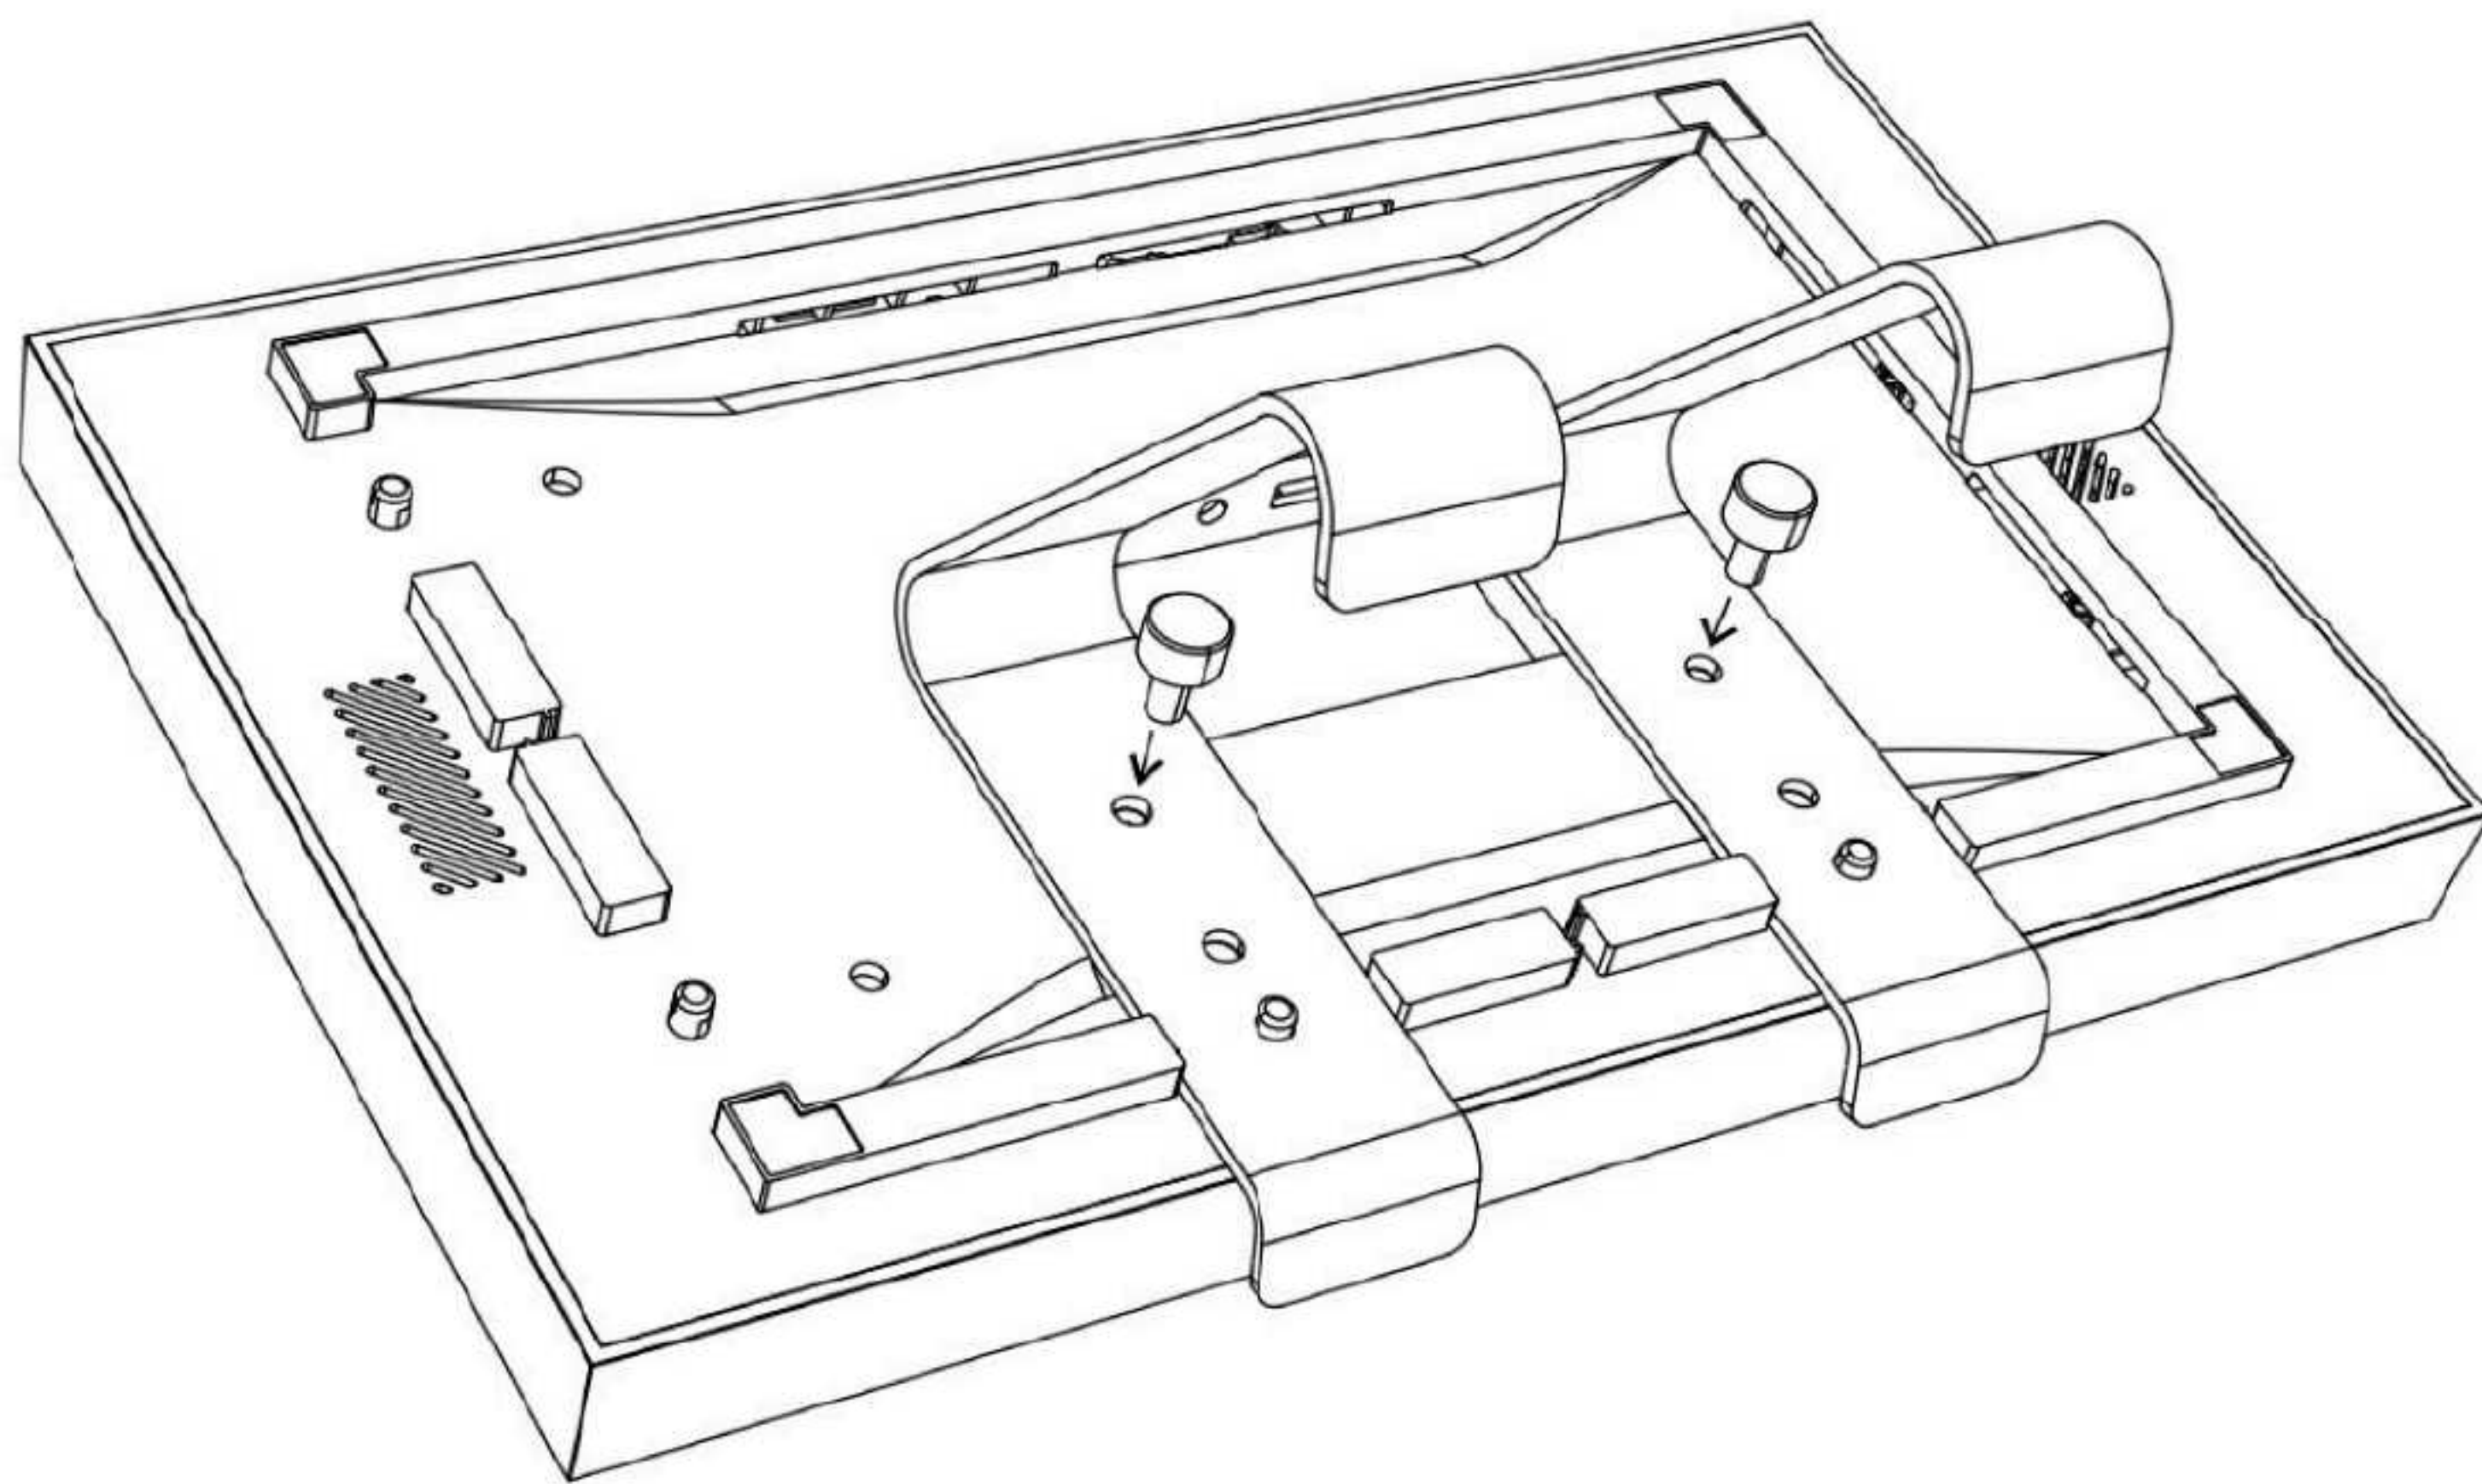

For the TF15 product, you can choose to display it horizontally or vertically.

Tools Required

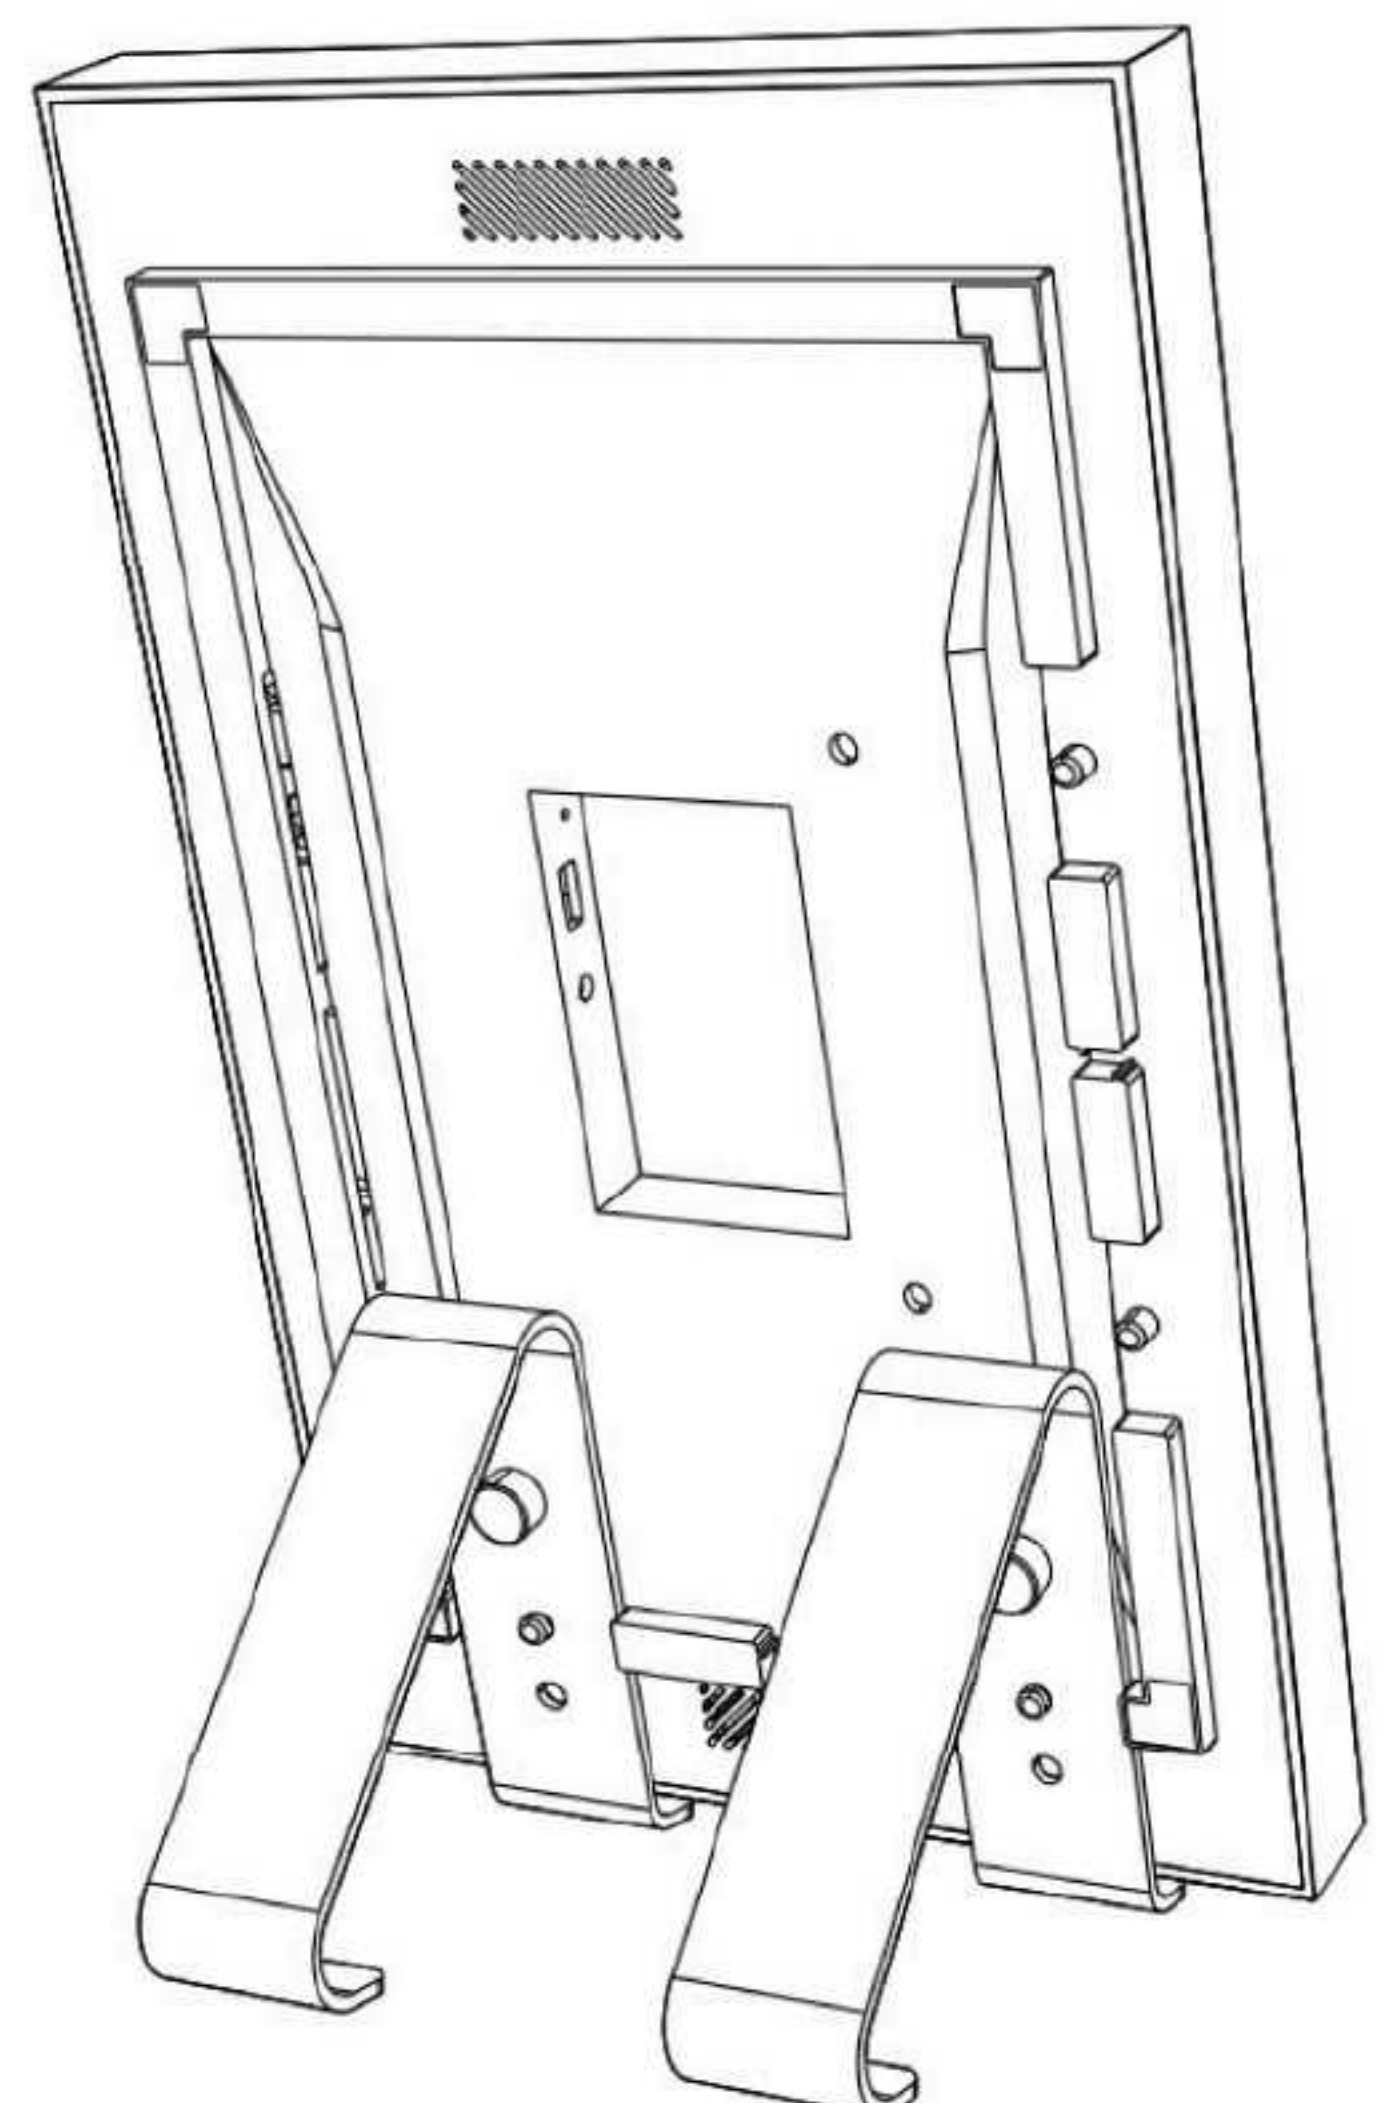

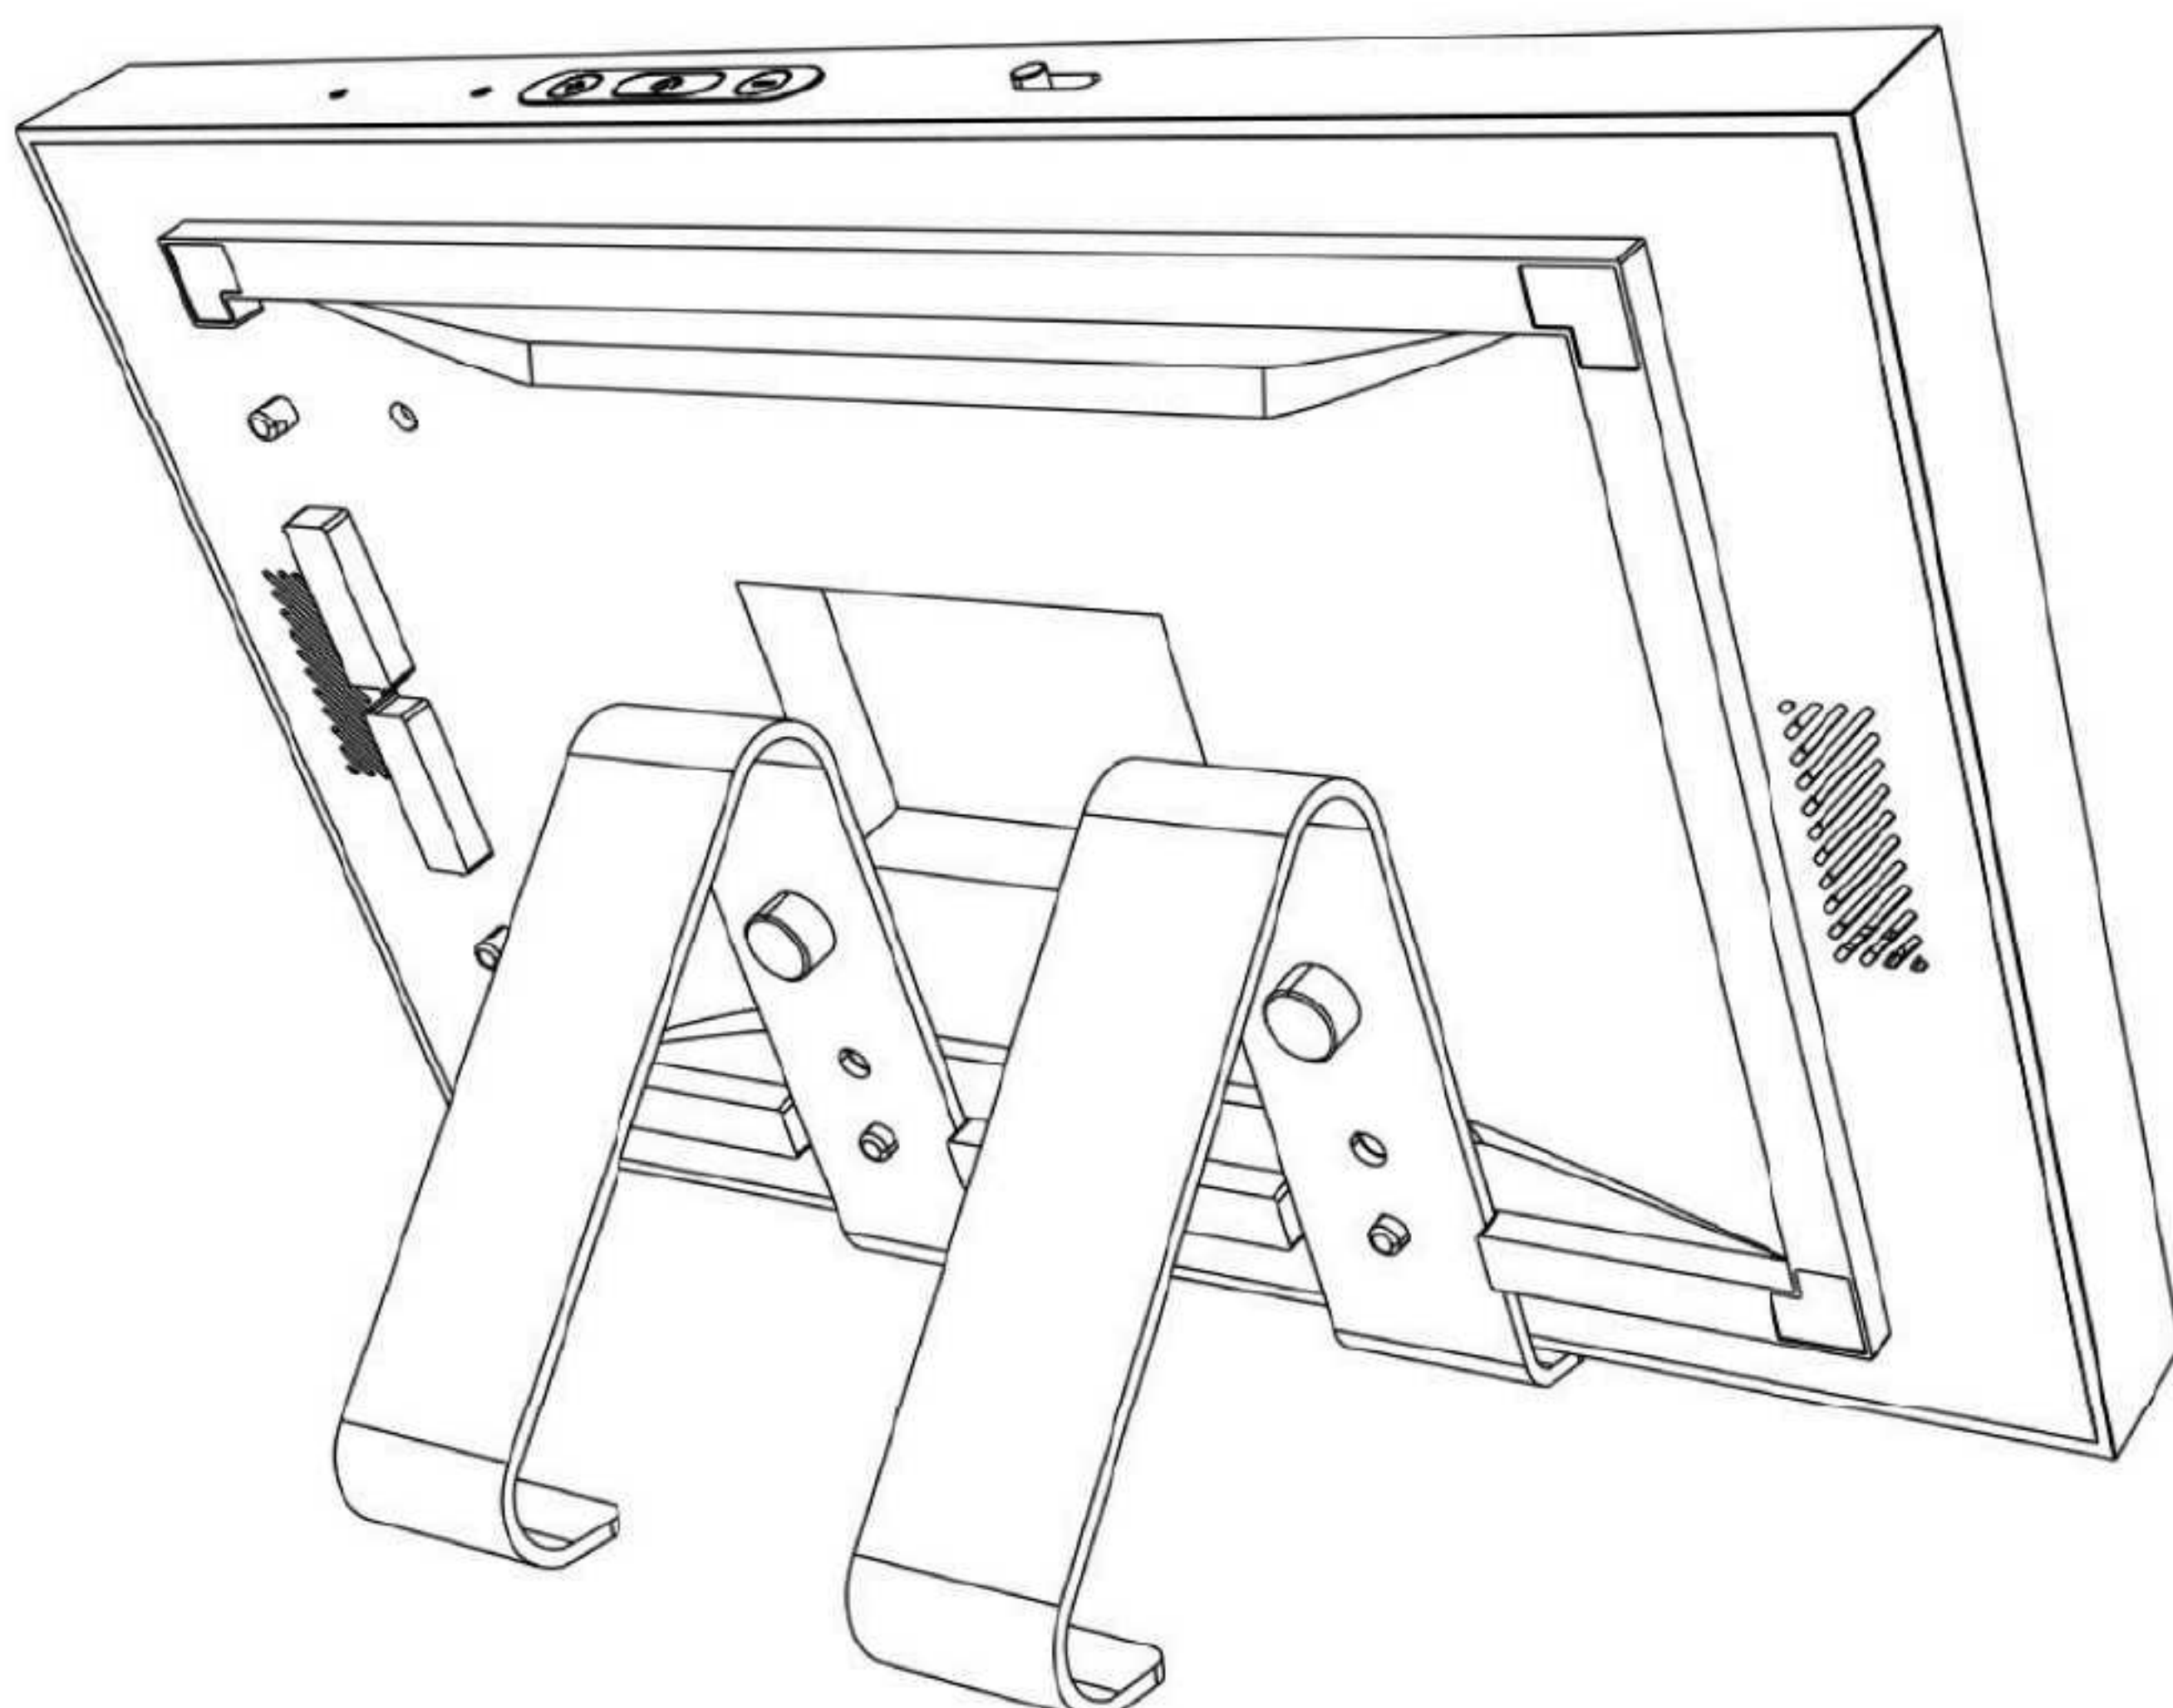

Phillips - head screwdriver
Φ6mm drill bit (for wall - mounting only)

Stand

1.Place the device face down on a flat surface. Match the two stands we provide according to the direction you want the device to face. Put the pad from the accessories into the hand - tightened screw.

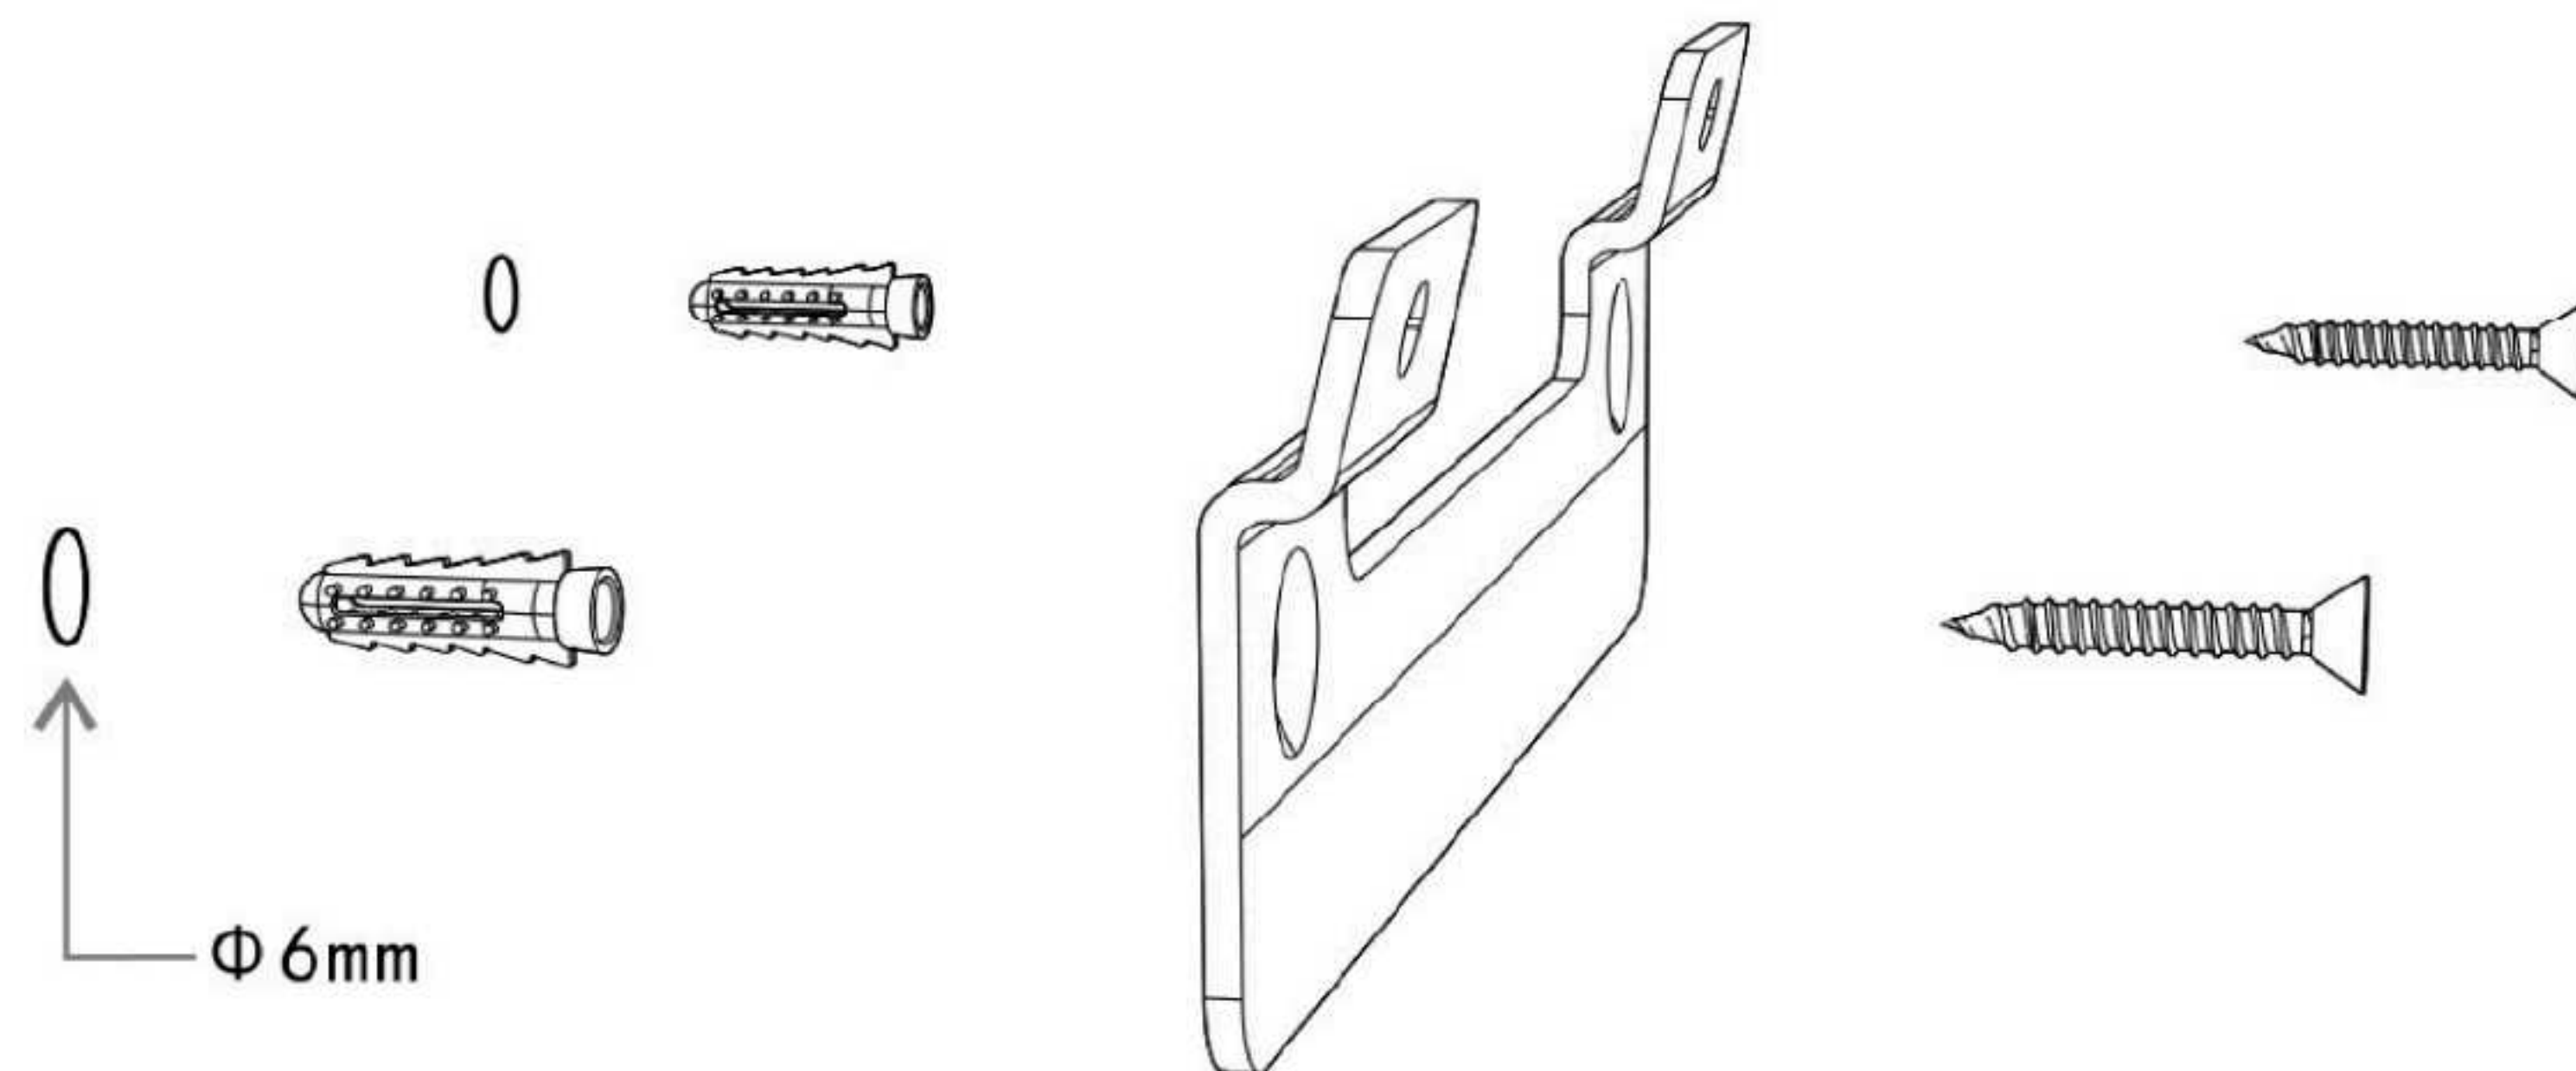

2.Align the hand - tightened screw with the screw holes of the stand and the device, tighten it, and then place it on the desktop, as shown in the following figure.

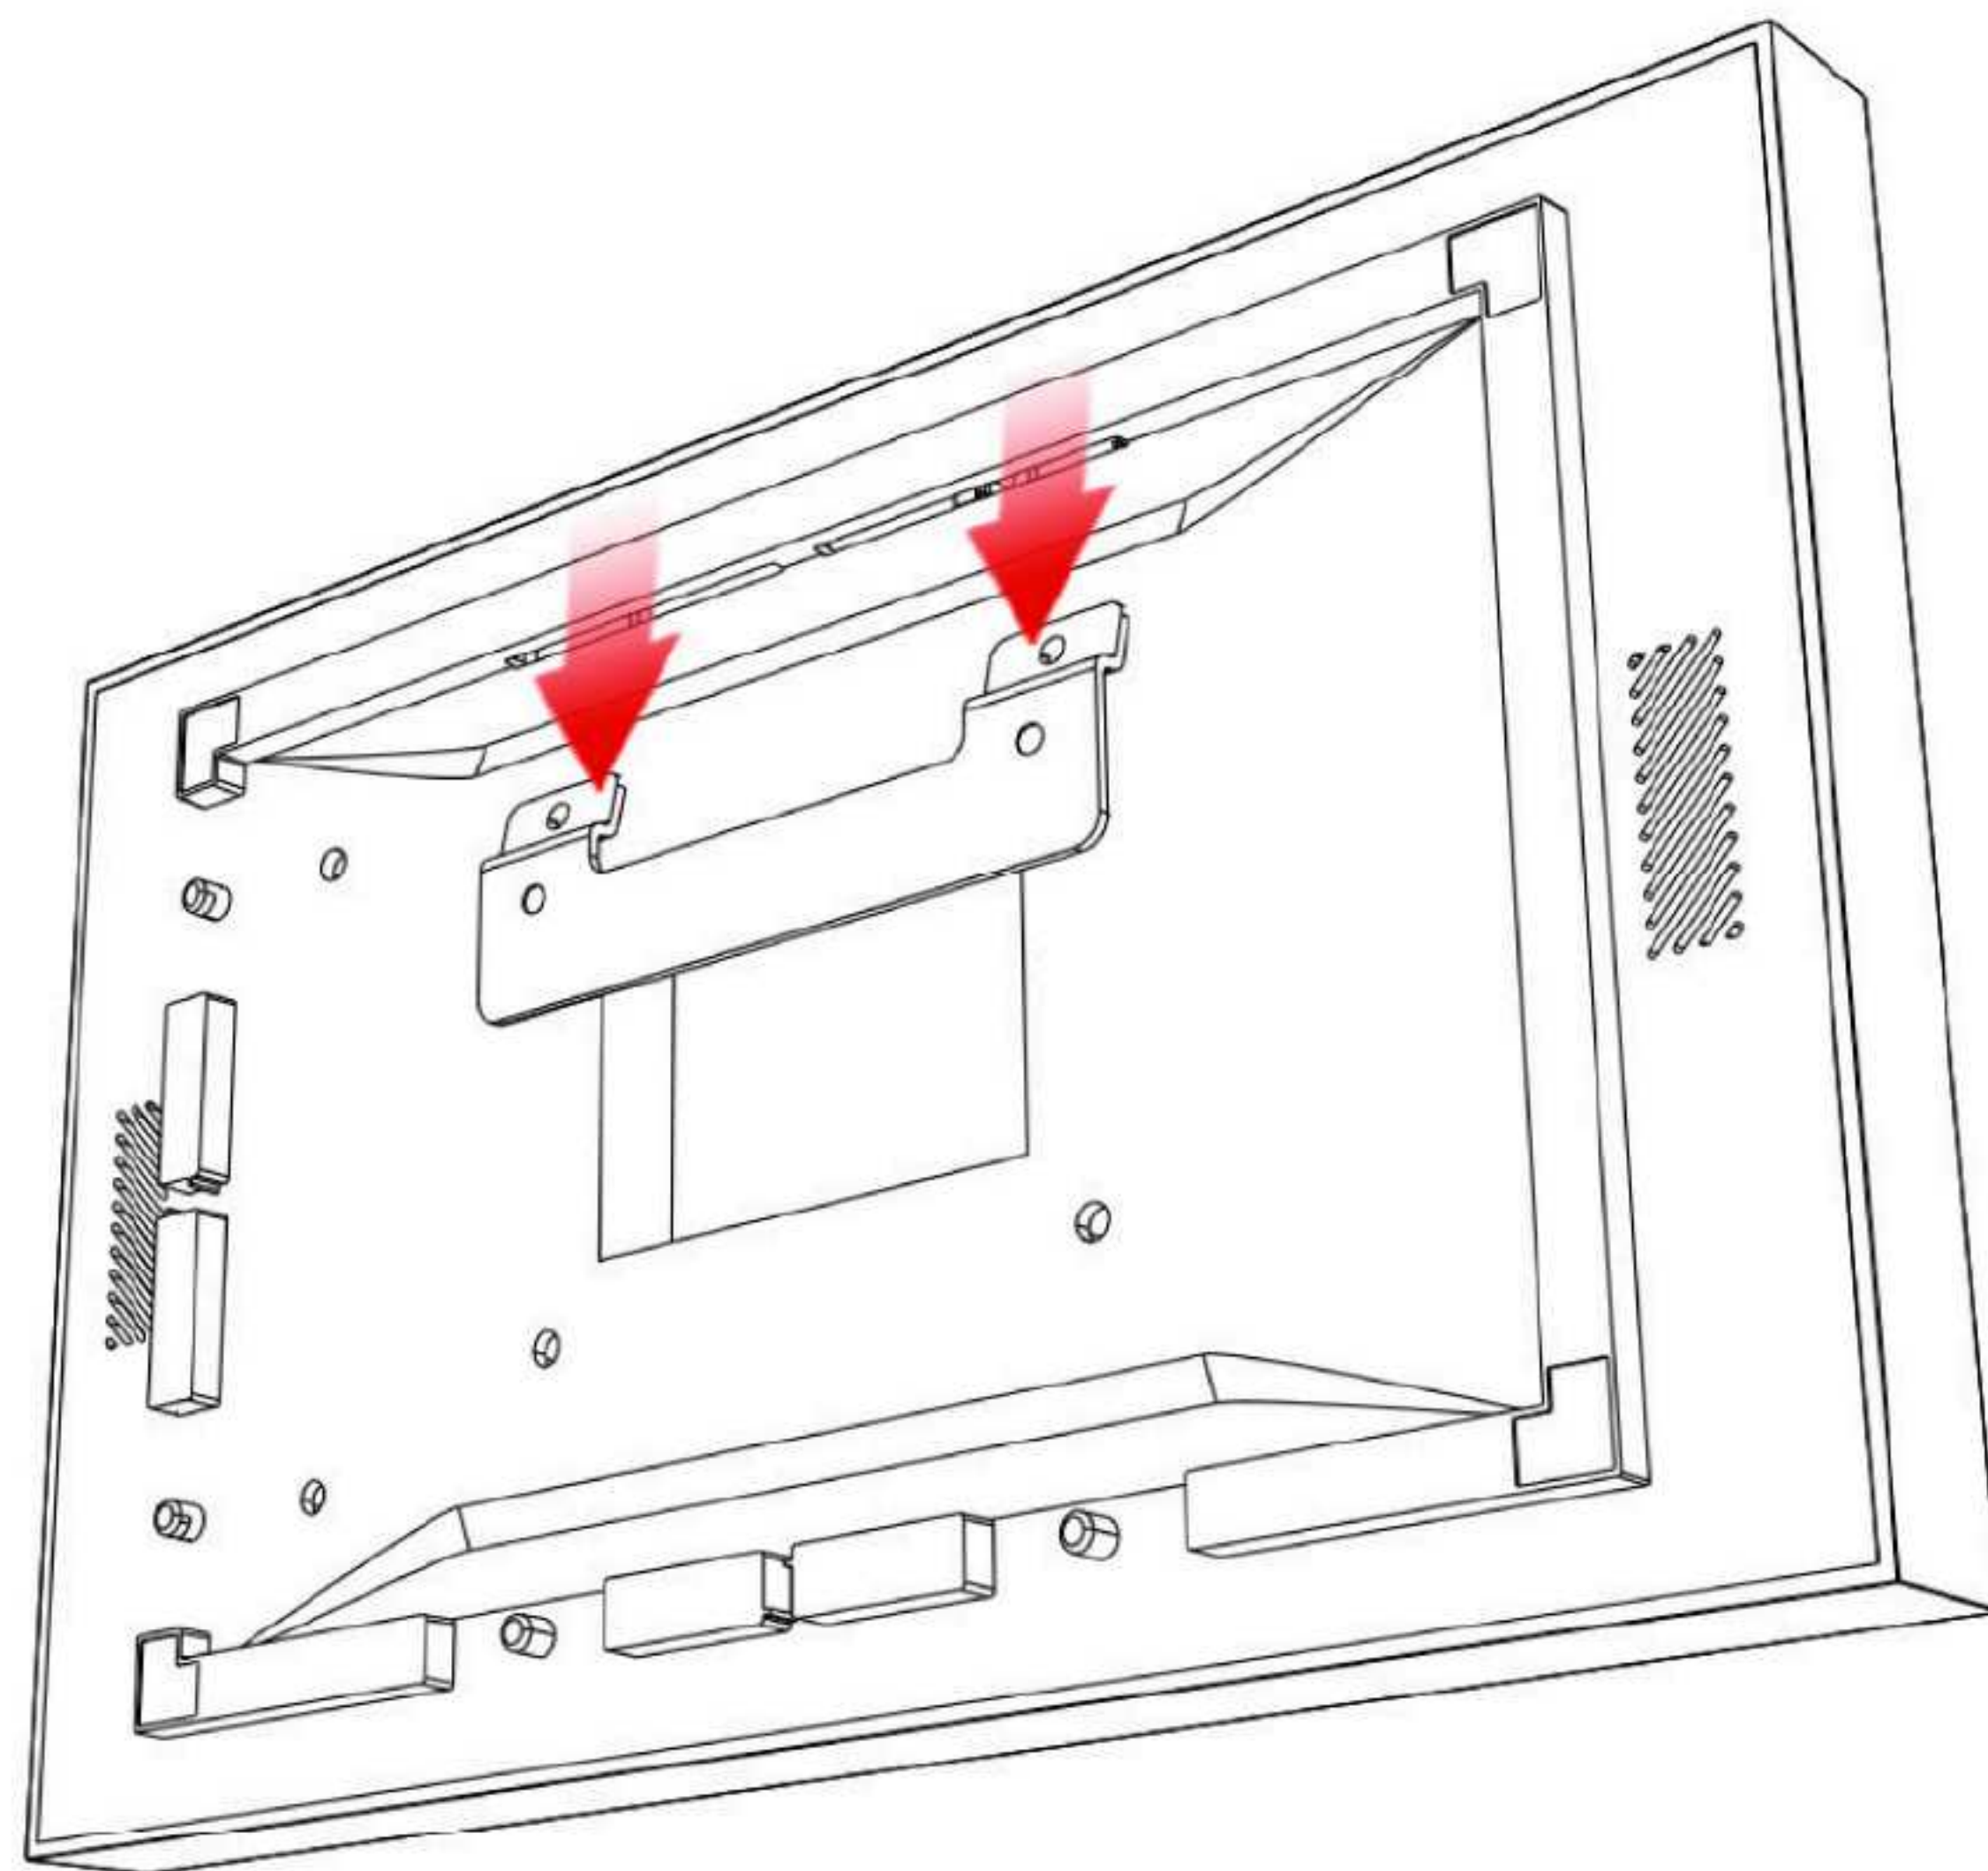

Wall - Mounting

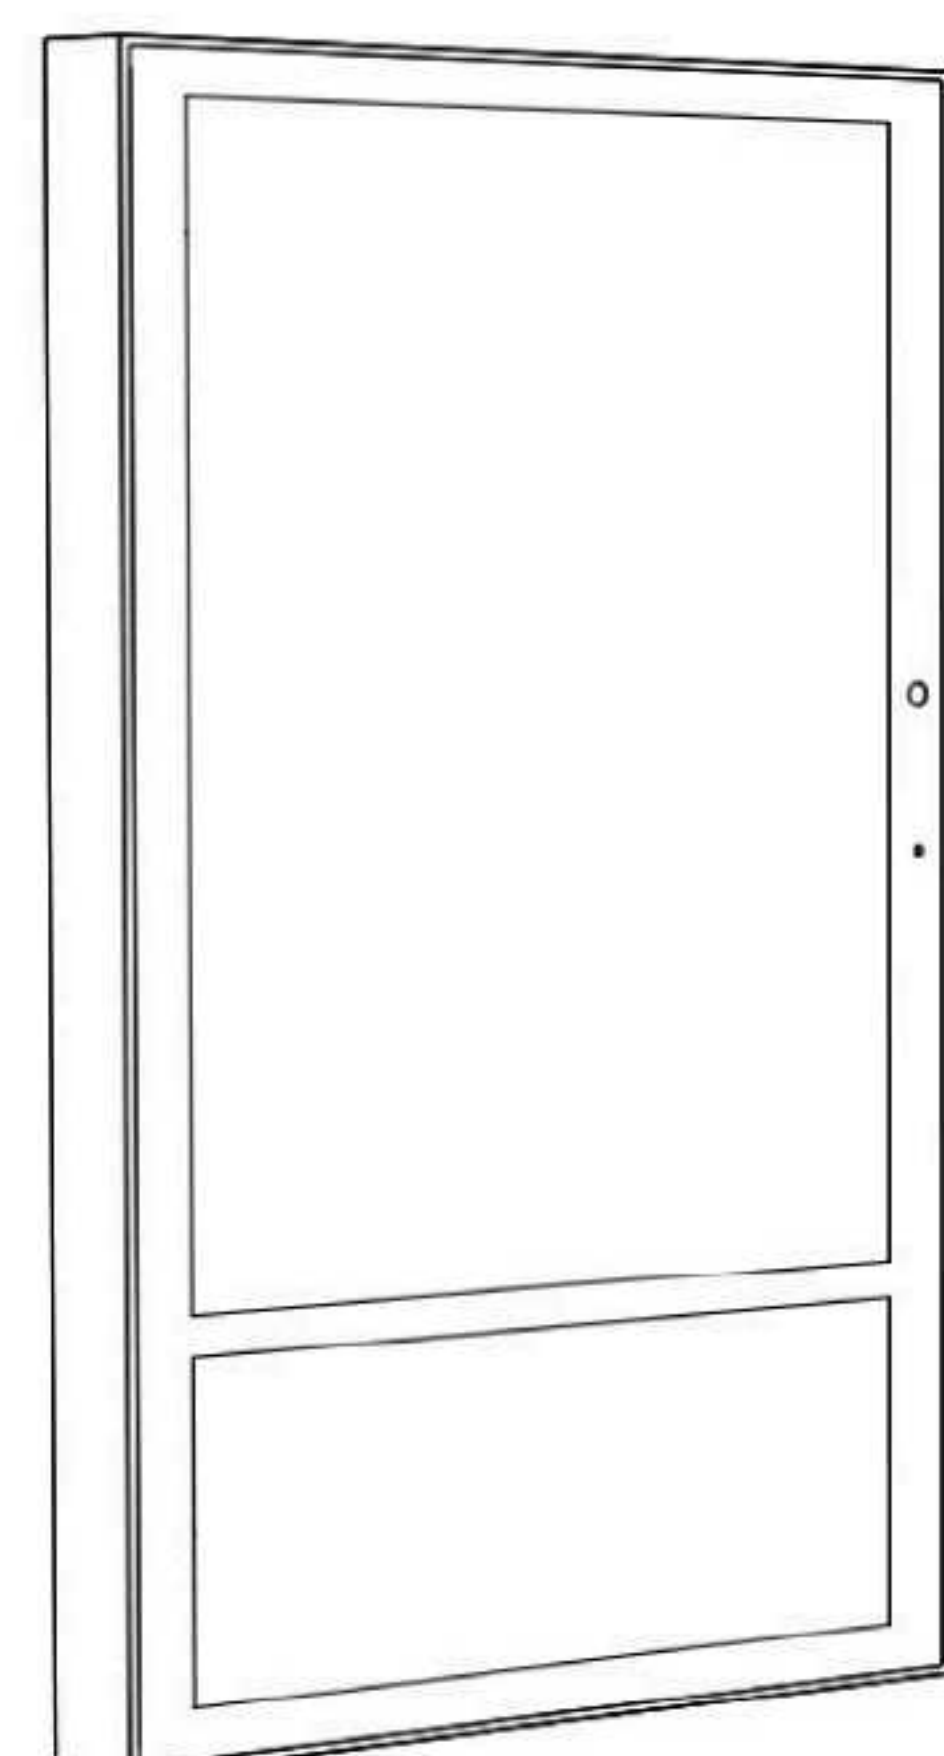

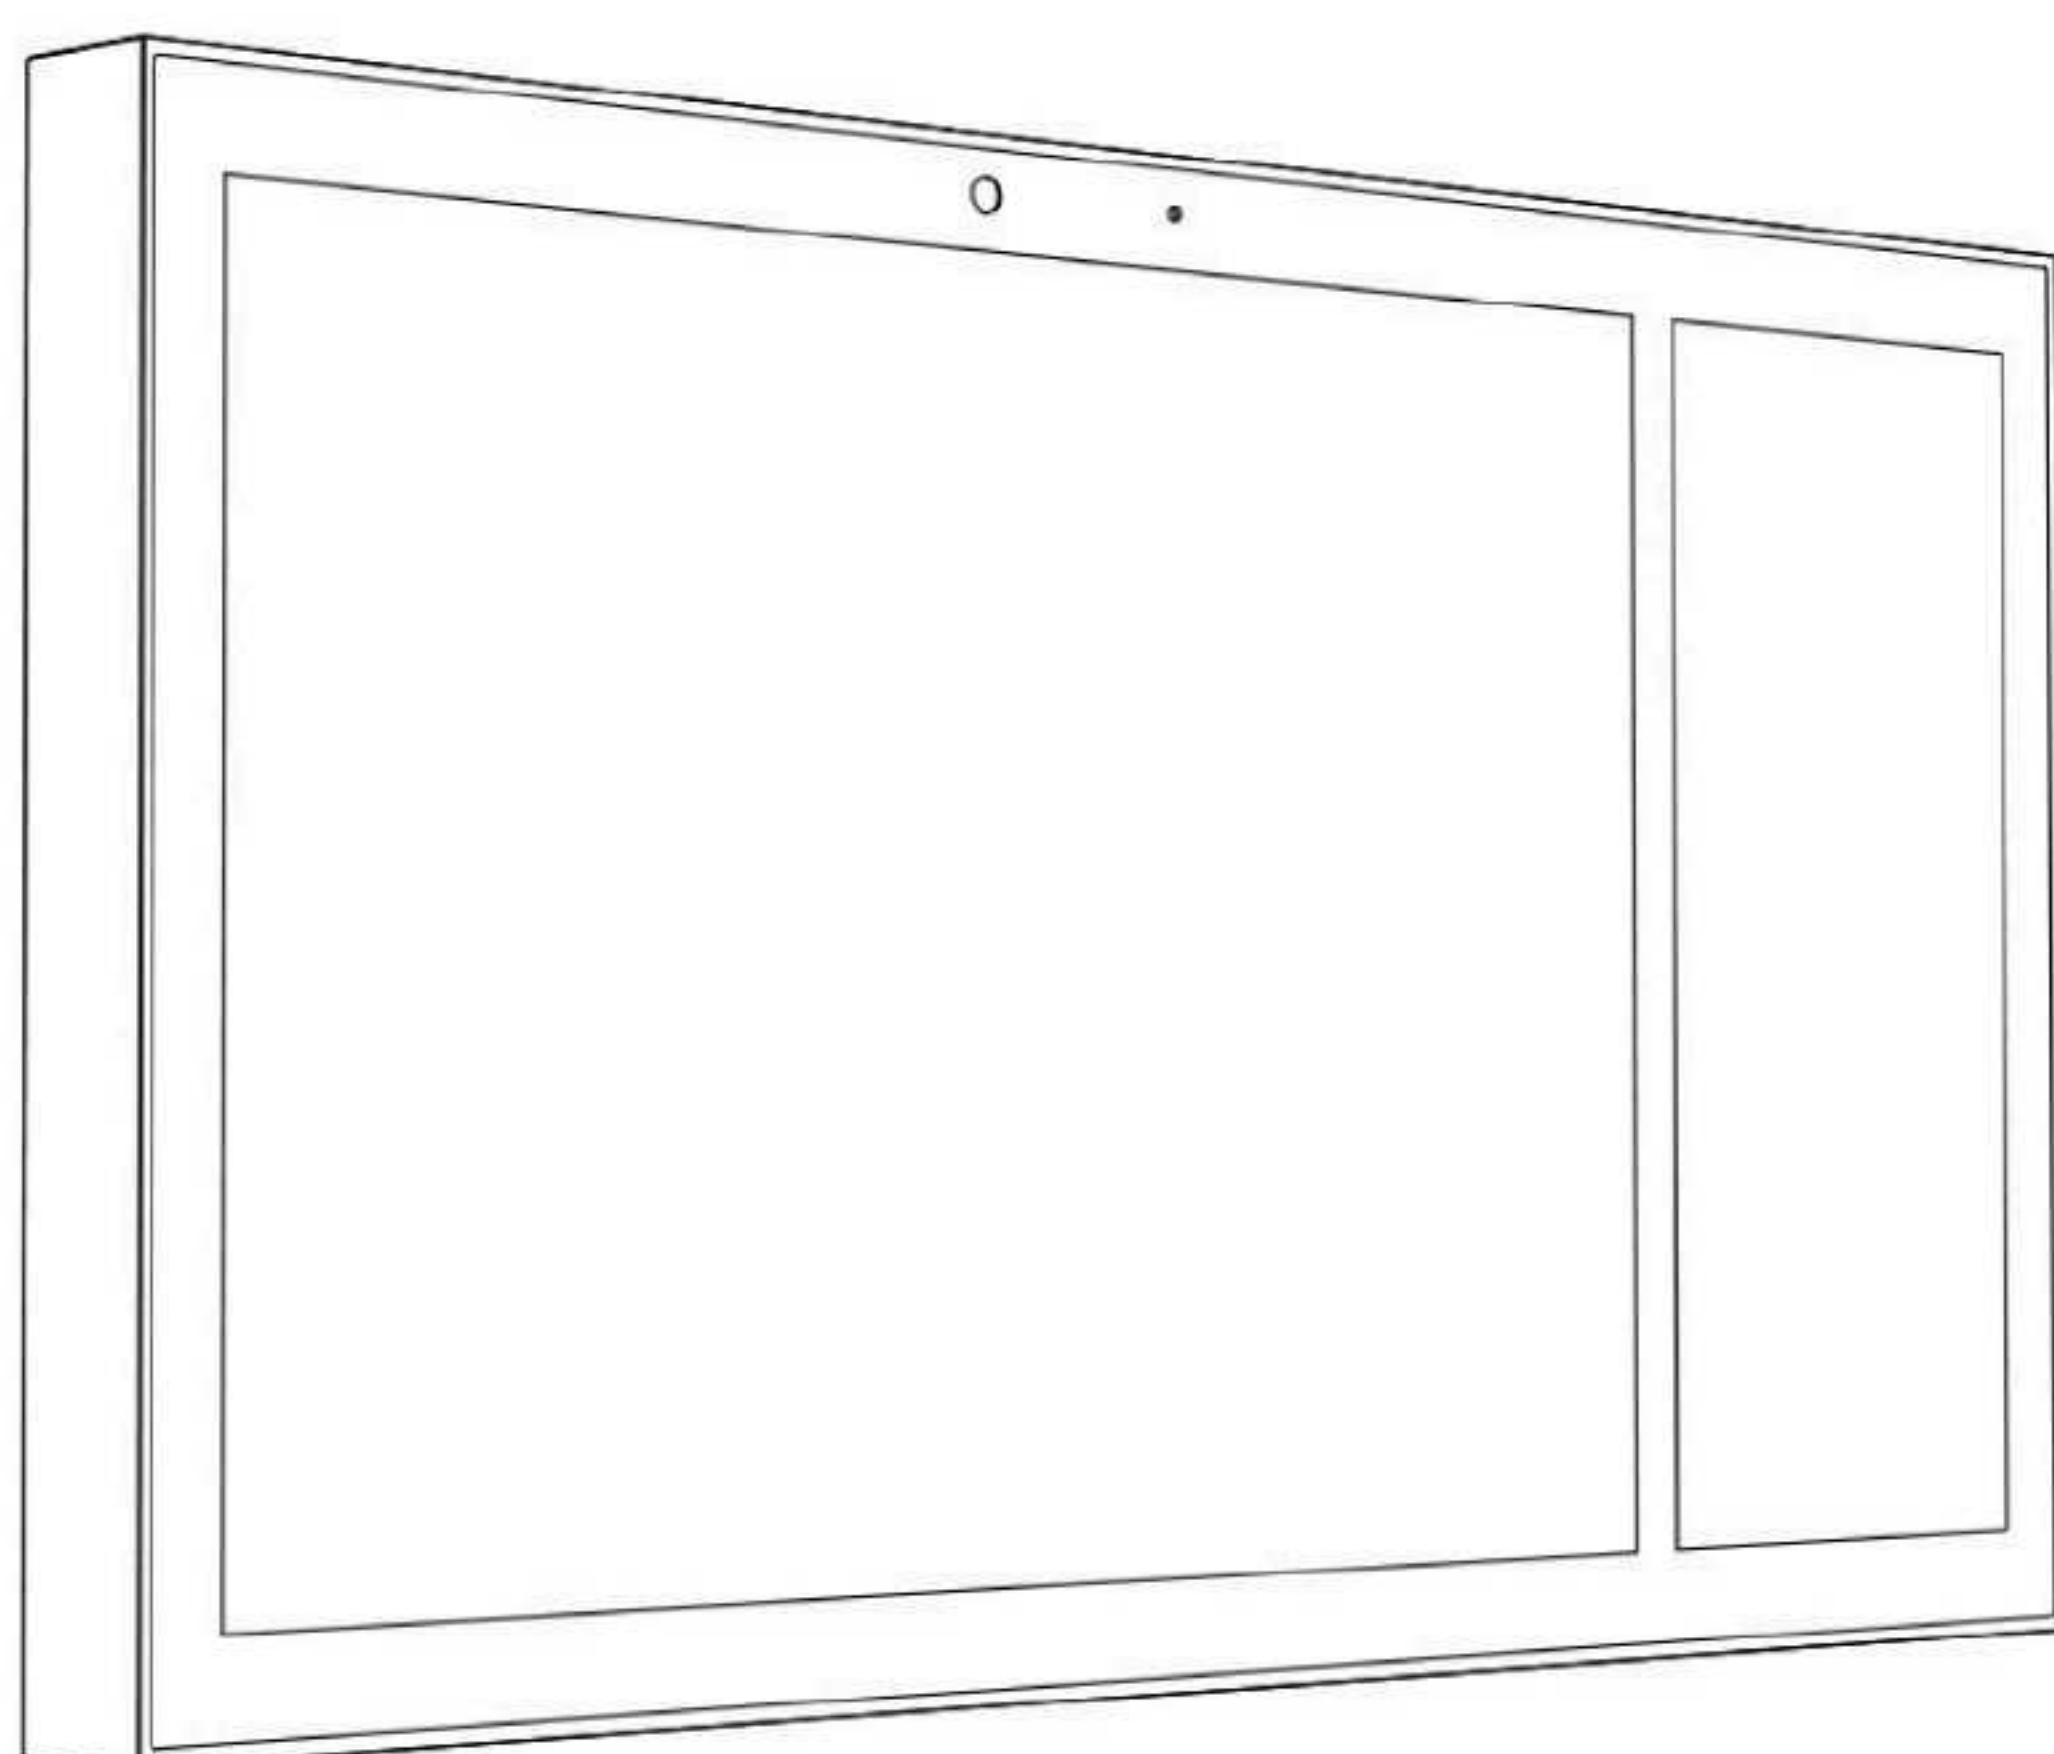

1. Use your drill to make appropriate holes on the horizontal surface. Install the provided plastic expansion tubes, screws, and wall - mount bracket on the wall, with the protruding side facing you.

2. Bring the back of the device close to and align it with the protruding side of the wall - mount bracket, and firmly fix the device on the wall. You can choose to mount it horizontally or vertically.

3. After the device is fixed, it is as shown in the following figure.

Product Structure and Button Instructions

Volume Up:

Click to increase the volume

Power Button:

Single - click to put the device into sleep mode;
long - press for 3 seconds to power on/off

Volume Down:

Click to decrease the volume

Camera Switch:

Slide left or right to turn the device's
camera on/off

Camera Window:

When an orange display appears,
it means the window is closed

MIC Sound Inlet

Main Display Screen

Secondary Display Screen

Working Status Lights:
Blue light flashing - Powering on and loading
Blue light on steadily - In operation
Red light on - Powered off

USB Port (For mouse use only)

12V/2A Power Input Port

Horizontal Wall - Mount Buckle Position

Vertical Wall - Mount Buckle Position

Left Speaker

Right Speaker

Quick Start

Step 1: Connect to Power and Power On

- Insert the power adapter into the power port on the back of the device, then long - press the power button to power on.

Step 2: Set Language and Wi - Fi

- Select your preferred language.
- Connect to your Wi - Fi network.

Step 3: Download the App

- Open the app store on your mobile phone and search for "FiteyeSync App".
- Or scan the QR code below to download:

·Android:

·iOS:

Step 4: Register and Activate the Device

- Register a main account in the app.
- Obtain a 6 - digit activation code
- Enter the activation code on the device and bind the account.

Step 5: Start Using

- After the device enters the main interface, you can schedule events, upload photos, view meals, monitor the device, etc.

Step 6: Create Sub - accounts (Optional)

- Create sub - accounts under the main account and share them with others for use.

Third - Party Calendar Sync Guide

Affected by the permissions of third - party calendars, some functions and sync methods will be restricted in use. Details of each calendar are as follows:

Name of Third - Party Calendar	Sync Method	Recommendation Index
 Google	Two - way sync, Google Calendar ↔Fiteye APP	★★★★★ Highly Recommended
 Outlook	One - way sync, Outlook Calendar →Fiteye APP	★★★★☆ Recommended
 Yahoo	One - way import via ICS file, Yahoo Calendar →Fiteye APP	★★★☆☆ Tedious Steps Not Recommended
 icloud	One - way import via ICS file, icloud Calendar →Fiteye APP	★★★☆☆ Tedious Steps Not Recommended
 Cozi	One - way import via ICS file, Cozi Calendar →Fiteye APP	★★★☆☆ Tedious Steps Not Recommended
 TeamSnap	One - way import via ICS file, TeamSnap Calendar →Fiteye APP	★★★☆☆ Tedious Steps Not Recommended
 Calendar	One - way import via ICS file, Calendar URL →Fiteye APP	★★★☆☆ Unstable Connection Not Recommended for Use

Special Instructions

- Two - way sync: Indicates that calendar events can be automatically updated between the two applications.
- One - way sync: Indicates that calendar events can only be synced from the specified third - party calendar to the Fiteye APP.
- ICS file import: Requires manual export of the ICS file and import into the Fiteye APP, and the steps are rather cumbersome.
- Recommendation levels: Given based on the convenience and stability of syncing. Five stars mean highly recommended, and two stars mean not recommended.
- Currently, due to the restricted use of the interfaces of third - party calendars, some third - party calendars only support one - way sync or ICS file sync.
- If the third - party calendar is updated to support two - way sync in the future, the Fiteye APP will promptly remind you to update to get a better sync experience.

Household Chores Plan

The household chores plan module is an efficient family management tool that helps you systematically plan, track, and optimize the daily chore assignments for family members. Through this module, users can easily create personalized household chore plans and share them with family members, ensuring that everyone is clear about the daily chore allocations and responsibilities.

Meal Plan

The meal plan module is a tool that helps users efficiently plan, track, and optimize the daily diets of family members. Through this module, users can easily create personalized meal plans and share them with family members, ensuring that everyone is clear about the arrangements for breakfast, lunch, and dinner each day.

Rewards

The reward mechanism module is an incentive tool. It encourages family members to actively participate in family activities by setting incentive items each month, promoting family harmony and cooperation.

Electronic Photo Album Screen Saver

The electronic photo album screen saver function provides users with a personalized and aesthetically pleasing device screen - saver experience. At the factory, the system has 10 selected landscape photos built - in as screen - saver options. Additionally, users can upload and use their own personalized photos by subscribing to the membership service, further customizing the screen - saver content.

Monitoring

The monitoring function provides users with the ability to view the camera footage of the bound device in real - time through the mobile APP, enhancing the security monitoring of family or personal spaces. This function is specifically designed for member users, ensuring the high quality and exclusivity of the service.

Secondary Screen

- The secondary screen function provides a convenient calendar view, allowing users to quickly locate and find the day's schedule. This function is specially designed to interact with the main screen, enabling users to quickly check calendar information.
- Check the weather forecasts for the current day and the next three days.

Using Multiple Devices

Our multi - device support function allows users to log in and use the service on multiple devices through a single account, regardless of whether these devices are in the living room, office, or any other location. This function greatly enhances the flexibility of use, ensuring that users can synchronously access and update the same schedules, weather information, and monitoring screens on different devices.

Multi - Person Participation in Activities

To meet the needs of family members or team members to participate in activities together, our system supports the APP side to create multiple sub - accounts under one main account. This function allows the holder of the main account to create and manage sub - accounts, enabling all members to participate in and access the same schedules, activities, and monitoring screens simultaneously.

Warning

Swallowing Hazard: This product contains button batteries. If swallowed, it may cause death or serious injury. A swallowed button battery may cause internal chemical burns within 2 hours. Keep new and used batteries out of reach of children. If you suspect a battery has been swallowed or entered any part of the body, seek medical attention immediately.

The battery of this product is not replaceable.

a) Please recycle or properly dispose of used batteries immediately in accordance with local regulations and keep them away from children. Do not dispose of batteries with household waste or incinerate them.

b) Even used batteries may cause serious injury or death.

c) For treatment advice, contact your local emergency center.

d) Battery model: CR1220

e) Rated voltage: 3.0V

f) Do not attempt to recharge non - rechargeable batteries.

Forcibly discharging, recharging, disassembling, heating above 60°C, or incinerating is prohibited. Such operations may cause battery leakage, explosion, or chemical burns, resulting in personal injury.

Products of FiteyeSync App and TF15 under Runfar Technology

Important Notice: Using this product means you agree to the following terms.

Hardware Terms

Warranty Disclaimer

To the maximum extent permitted by applicable law, the hardware is provided “as is”, including all faults. To the extent permitted by law, this warranty disclaimer and the described remedies are exclusive and replace all other oral, written, statutory, express or implied warranties, remedies and conditions. Fiteye Technology Co., Ltd does not assume all statutory and implied warranties, including but not limited to: warranties of merchantability and fitness for a particular purpose, and warranties against hidden or latent defects, to the extent permitted by law. In cases where such warranties cannot be disclaimed, Fiteye Technology Co., Ltd Limited Liability Company limits the duration of these warranties and remedies to six months, and, at Fiteye Technology Co., Ltd Limited Liability Company’ s option, the repair or replacement service to six months. Some states (countries and provinces) do not allow limitations on the duration of implied warranties (or conditions). Therefore, the above limitations may not apply to you.

Limitation of Liability

Except as provided in this warranty, to the maximum extent permitted by law, Fiteye Technology Co., Ltd Limited Liability Company shall not be liable for direct, special, incidental or consequential damages resulting from breach of warranties or conditions or any other legal theory, including but not limited to loss of use; loss of revenue; loss of actual or anticipated profits (including loss of contract profits); loss of goodwill; loss, corruption, disclosure or damage of data; or any indirect or consequential loss or damage, including any costs of replacing equipment and property, restoring, reprogramming or reproducing any program or data stored in or used with Fiteye Technology Co., Ltd products, or failure to maintain the confidentiality of information stored on Fiteye Technology Co., Ltd products. The above limitations do not apply to claims for death or personal injury, or any statutory liability for intentional and grossly negligent acts and/or omissions. Fiteye Technology Co., Ltd does not represent that it has the ability to repair any equipment or replace Fiteye Technology Co., Ltd products under this warranty without risking or losing information stored in xxx Limited Liability Company products. Some states (countries and provinces) do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you. In no event shall Fiteye Technology Co., Ltd’ s total liability to you for all damages (except for claims involving personal injury as required by applicable law) exceed U.S. \$100.00. Even if the above remedies fail to achieve their basic purposes, the above limitations shall apply.

Warranty Disclaimer

You expressly acknowledge and agree that, to the maximum extent permitted by applicable law, your use of the software and any services executed or accessed through the software is at your own risk, and you assume all risks regarding satisfactory quality, performance, accuracy and operational experience. To the maximum extent permitted by applicable law, the software and related services are provided on an “as is” and “as available” basis, without any express or implied warranty terms. Fiteye Technology Co., Ltd hereby disclaims all warranty liabilities related to the software and services, whether express, implied or statutory, including but not limited to implied warranties of merchantability, fitness for a particular purpose, accuracy, uninterrupted use and non - infringement of third - party rights. Fiteye Technology Co., Ltd does not warrant that your use of the software and services will be uninterrupted, that the software functions or service contents will meet your needs, or that the operation of the software and services will be continuously stable or defect - free.

Warranty Disclaimer

You expressly acknowledge and agree that, to the maximum extent permitted by applicable law, your use of this software and any services executed or accessed through this software are at your own risk, and you shall bear all risks regarding satisfactory quality, performance, accuracy, and operational experience. To the maximum extent permitted by applicable law, this software and related services are provided on an “as is” and “as available” basis, without any express or implied warranty terms. Fiteye Technology Co., Ltd Limited Liability Company hereby disclaims all warranty liabilities related to the software and services, whether express, implied, or statutory, including but not limited to warranties of merchantability, fitness for a particular purpose, accuracy, uninterrupted use, and non-infringement of third-party rights. Fiteye Technology Co., Ltd Limited Liability Company does not warrant that the software functions or service contents will meet your needs, that the operation of the software and services will be continuously stable or defect-free, nor does it promise to correct problems in the software or services. You further confirm that this software and services are not suitable for special scenarios where personal injury or significant property loss may be caused by delays, errors, or inaccuracies in the content, data, or information provided by the software/services. Oral or written suggestions provided by Fiteye Technology Co., Ltd Limited Liability Company and its authorized representatives do not constitute warranty clauses. Some judicial jurisdictions do not allow the exclusion of implied warranties or the restriction of consumers' legal rights, so the aforementioned Disclaimer(disclaimer clauses) may not apply to you.

Limitation of Liability

To the maximum extent permitted by applicable law, Fiteye Technology Co., Ltd, its affiliated entities, agents, or responsible persons shall not be liable for any personal injury, incidental damages, special damages, indirect damages, or consequential damages (including loss of profits, data damage/loss, data transmission/reception failure, business interruption, and other commercial losses) resulting from the use or inability to use the software/services, regardless of the liability theory (contract, tort, or other), even if notified of the possibility of such damages. Some judicial jurisdictions do not allow the limitation of liability for personal injury or incidental/consequential damages, so this clause may not apply to you.

In no event shall the total liability of Fiteye Technology Co., Ltd (except for situations involving personal injury as otherwise stipulated by law) exceed one hundred US dollars (U.S. \$100.00). Even if the above remedies fail to achieve their fundamental purposes, this liability limitation shall still apply.

Content Disclaimer

You understand that when using the media sharing function of this device, you may be exposed to offensive, indecent, or objectionable content, which may or may not be clearly identified. You agree to assume the risk of use, and xxx Limited Liability Company shall not be liable for any such content. Although Fiteye Technology Co., Ltd strives to provide a good user experience, we cannot and do not guarantee that the services will always be safe, error-free, or without delays/interruptions.

Alternative Dispute Resolution

In the event of a dispute, both parties shall first endeavor to resolve the dispute, claim, problem, or disagreement through direct negotiation. If the dispute cannot be resolved through direct negotiation within 60 days, both parties agree to, in good faith, attempt to resolve it through mediation by the American Arbitration Association (AAA) in New York, New York, USA, at 120 Wall Street, New York, NY 10271, in accordance with its Mediation Rules before submitting to binding and final arbitration by the American Arbitration Association (AAA) in New York. By doing so, you waive the right to a jury trial and the right to appeal.

Arbitration Clause Provisions:

1. Arbitration Requirement: By using the FiteyeSync App and TF15, you agree that all disputes arising from or related to this Agreement, its application, or any relevant documents, whether by you or relevant third parties, shall be finally resolved through binding arbitration.
2. Arbitration Regulation: Any claims, disputes, or controversies arising from or related to this Agreement shall be finally decided by a single arbitrator in accordance with the Arbitration Rules of the American Arbitration Association (AAA) and shall be binding.
3. Document Submission: Upon written request from one party, the other party shall promptly provide copies of relevant documents. No other evidence presentation shall be conducted. Arbitration shall be based on document submission, without on - site or oral testimony. No on - site or oral testimony shall be held.
4. Other Evidence Presentation: Arbitration shall be based on document submission, without on - site or oral testimony.
5. Location Provision: Arbitration shall be conducted in New York in accordance with the rules of the American Arbitration Association (AAA).
- Number and Selection of Arbitrators: One arbitrator shall be appointed by the American Arbitration Association (AAA).
6. Fees/Award: The arbitration award may be submitted to any court with jurisdiction over both parties or their assets for enforcement. The prevailing party has the right to request that the arbitrator include its reasonable costs (including witness fees and attorney fees) in the award.
7. Procedure: Except as specifically provided in this Agreement, arbitration shall be conducted in accordance with the Arbitration Rules of the American Arbitration Association (AAA) and the laws of the State of New York.
8. Confirmation Clause: By using the FiteyeSync App and TF15, you indicate that you have carefully read this Agreement, understand its terms and consequences.

RF Exposure Statement

This device complies with the radio frequency radiation exposure limits set by the Federal Communications Commission (FCC) for uncontrolled environments. When installing and operating this device, ensure that the radiator maintains a distance of at least 20 centimeters from any part of the human body.

This device meets the exemption requirements of Section 2.5 of the RSS - 102 Standard of Canada for routine evaluation limits. When installing and operating, ensure that the radiator maintains a distance of at least 20 centimeters from any part of the human body.

FCC Warning

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device will not cause harmful interference;
- (2) This device must accept any interference received, including interference that may cause undesired operation.

Note 1: This device has been tested and complies with the limits for Class B digital devices in Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This device generates, uses, and may radiate radio frequency energy. If not installed and used in accordance with the instructions, it may cause interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this device does cause harmful interference to radio or television reception (which can be determined by turning the device off and on), it is recommended that the user try the following measures:

Adjust the direction or position of the receiving antenna;
Increase the distance between the device and the receiver;
Plug the device into a power outlet on a different circuit from the receiver;
Contact the dealer or an experienced radio/TV technician for assistance.

Note 2: Any modification to the device without the explicit approval of the compliance responsible party may result in the user losing operational authority.

IC Warning

This device contains a transmitter that complies with the Industry Canada Innovation, Science and Economic Development (ISED) license - exempt RSS standards. Operation is subject to the following two conditions:

- (1) This device must not cause interference;
- (2) This device must accept any interference, including interference that may cause undesired operation.

When the device operates in the 5150 - 5250 MHz frequency band, it is limited to indoor use only.

Warning

This product is only for sale and use in commercial environments and in an environment with a temperature range of -10°C to 40°C; otherwise, it may damage your product. The product can only be used at an altitude of less than 2000ft.
