

WIRELESS STUDIO MONITOR

Quick Start Guide

Connect your monitors

1. Unpack X02 (available when UNIT-4 purchased as a stereo pair)
2. Connect X02 to your device
3. Turn monitors on

Tune the sound to your environment

Set up your sound. UNIT-4 is tuned for studio use straight out of the box.

Tune the frequency response to your space using the UNIT-4 mobile app.

Instructions

UNIT-4

If you have 2 speakers, follow these steps on both.

Power on/off

Press and hold the middle button for 2 seconds.

Choose connection mode

Press the Mode button to choose between W+ Link and Bluetooth® or insert an audio cable.

Pairing - Bluetooth® and W+ Link

Press and hold the Mode button for 2 seconds.

Bluetooth® - find AIAIAI UNIT-4 on your device and pair.

W+ Link - put your transmitter into pairing mode using it's quick start guide.

Choose Left, Right or Mono

Press the Stereo/Mono button to switch between Left (L), Right (R), or Mono (both L and R) settings.

Playback Controls

Volume up/down - Single press +/- buttons.
Mute - Single press the middle button.

Adjust EQ

Follow the QR code to the UNIT-4 product page and instructions to set up the AIAIAI app.

Adjust LED ring brightness

Triple press the middle button to turn the LED ring on or off.

Use the AIAIAI app to adjust the LED ring brightness.

Charging

Check battery level - double press the middle button.

To charge UNIT-4, connect the power supply to the UNIT-4 charging socket, and to your mains power socket.

Regulatory Info

Manufacturer information:
Company name: AIAIAI ApS
Address: Amalievej 20, 1875 Frederiksberg C, Denmark

Battery mode Operation temperature: -20-55°C
Adaptor mode Charging temperature: 0-40°C
Operation frequency Max power)
Bluetooth: 2402-2480 MHz (5.03dBm
SRD: 2403.35-2479.35MHz 2.944dBm

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Hereby, (AIAIAI ApS) declares that the radio equipment type (Wireless Studio Monitor, UNIT-4) is compliance with Directive 2014/53/EU.
The full text of the EU declaration of conformity is available at the following internet address: xxxxxx
In accordance with Article 10(2) and Article 10(10), this product allowed to be used in all EU member states.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) this device may not cause harmful interference, and
(2) this device must accept any interference received, including interference that may cause undesired operation.

This device contains licence-exempt transmitter(s)/ receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSSI(s). Operation is subject to the following two conditions:
(1) This device may not cause interference.
(2) This device must accept any interference, including interference that may cause undesired operation of the device.

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:
(1) L'appareil ne doit pas produire de brouillage;
(2) L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

Disposal of a battery into fire or a hot oven, or mechanically crushing or cutting of a battery that can result in an explosion.

Leaving a battery in an extremely high temperature surrounding environment that can result in an explosion or the leakage of flammable liquid or gas. A battery subjected to extremely low air pressure that may result in an explosion or the leakage of flammable liquid or gas. Do not use in high or low extreme temperatures.
Do not use in low air pressure at high altitude condition. UNIT-4 cannot be installed on a bracket more than 2 meters above floor level.

FCC RF Exposure Warning Statement:
This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment can be used in portable exposure conditions.

ISED Radio Frequency Exposure Statement:
This equipment complies with ISED exposure limits set forth for an uncontrolled environment.
This equipment can be used in portable exposure conditions.
Déclaration d'ISDE sur l'exposition aux radiofréquences : Cet équipement est conforme aux limites d'exposition d'ISDE établies pour un environnement non contrôlé. Cet équipement peut être utilisé dans des conditions d'exposition portables.

FCC ID: 2AKSOUNIT-4
IC: 23880-UNIT4
