

INSTRUCTIONS

HOW TO PAIR YOUR PHONE WITH GRIP DAT VERSION 2.0:

1. Go to settings on iOS or Andriod phone and enable Bluetooth “on” and “discoverable.”
2. Slide switch to “on” at the base of the grip(Light will flash blue while syncing with iOS and Andriod systems.)
3. To pair phone with grip, tap on “Grip Dat”in the Bluetooth menu on phone.
4. Once paired, attach your phone to the universal pinch system with a monopod base.
All three sides are spring loaded for secure attachment.

HOW TO TAKE A PHOTO OR START/STOP VIDEO:

1. Once paired, open the camera feature of your smartphone.
2. Click Remote Shutter Button on grip to take a picture or start/stop your video.

HOW TO USE GRIP DAT AS A REMOTE SYSTEM:

1. To detach the grip from the monopod base, gently squeeze the two prongs together and slide base off backwards. (Toward the opposite direction of the prongs.)
2. With the detached monopod base you can now Clip it, or Place it anywhere and use the Remote Shutter Button on the hand grip up to 30 feet away. The monopod also has a 180 degree tilting feature to allow excellent capturing and viewing.
