Alert Labs Sentree A/C Monitoring system – Variant Description

Sentree is offered in two variants:

- ALF-000008-005, a 3G cellular version;
- ALF-000008-005L, an LTE cellular version.

The two variants are identical in everyway except for the pin-for-pin cellular radio module used inside, manufactured by Particle (www.particle.io):

- ALF-000008-005 uses the Particle E310 E-Series module (3G with 2G fallback which supports 850/900/1800/1900/2100MHz cellular bands;
- ALF-000008-005L uses the Particle E402 E-Series module (LTE M1 which supports B2, B3, B4, B5, B8, B12, B13, B20, B28 LTE bands.
