

January 5, 2022

To whom it may concern;

This letter is to clarify that the Alert Labs ALRM001 Sub-1GHz Radio Module has been embedded onto a test PCB for the purpose of exercising the radio module.

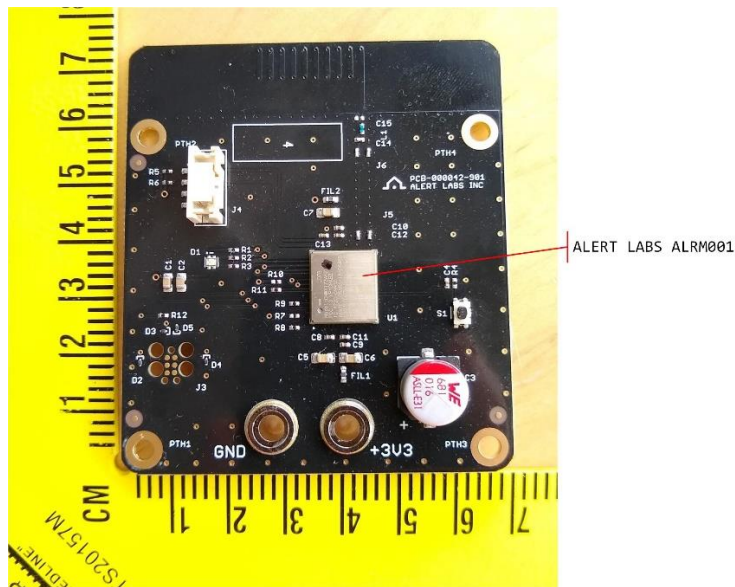

Figure 1: ALRM001 embedded on test PCB

In Figure 1 above, the ALRM001 module is called out. The black PCB is the test PCB used to exercise the ALRM001.

Signed,

Name: Charlie Harland
