FCC Information This device complies with Part 15 of the FCC Rules. Caution: Any changes or modifications not expressly approved could void the user's authority to operate the equipment. Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: • Reorient or relocate the receiving antenna. • Increase the separation between the equipment and receiver. • Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. • Consult the dealer or an experienced radio/TV technician for help. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Radiation Exposure Information The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction. WARNING Li-Ion Battery Inside This product is fitted with a Li-Ion battery. Do not damage, open, or dismantle the battery and do not use it in damp and/or corrosive conditions. Use only with compatible chargers. Never dispose of batteries in a fire, and never expose them to high temperatures. Do not expose the product to temperatures exceeding 60°C (140°F). Rating Label Definitions Direct current symbol. In the Box • DRTWS53 - True Wireless Earbuds (x1) • USB Charging Cable (x1) • Instruction Manual (x1)	Location of Controls Multi Button Earbud LED Indicator Bottom of Case Case LED Indicator USB Power Charging Cable	Getting Started Charging the Case Plug the small connector of the included USB charging cable into the charging port on the bottom of the case. Plug the large connector into a USB power source such as the USB port on a computer, or into a 5V USB wall adapter (not included). The charging LED at the bottom of the case will flash RED while charging. The star and moon LEDs will light while case is plugged in. Charging the Earbuds Make sure the case is charged. To charge the earbuds, place them in the correct ports in the case. They will automatically begin charging. The earbuds' LED indicators will turn RED while charging and turn OFF when fully charged. On low power, a tone will be heard from the earbuds, indicating charging is required. Powering ON/OFF • The earbuds will automatically power ON when removed from the case, and power OFF when replaced into the case. The earbud LED indicators will flash RED and BLUE. • The earbuds can also be powered ON/OFF by pressing + holding (appx. 5s) the Multi buttons. • When powered ON, the earbuds will automatically pair with one another. The pair may automatically reconnect to the device they were most recently paired to, so long as that device is within connection range (30 ft.) and Bluetooth is enabled. • The earbuds will automatically power OFF if they have not paired to a Bluetooth device after 5 minutes.	Bluetooth Pairing 1. Power the earbuds ON. Both of their LED indicators will flash RED and BLUE. 2. After a moment, a voice will be heard on the earbuds indicating that they have paired to each other. The LED indicator on the main earbud will flash RED and BLUE, and the LED indicator on the secondary earbud will flash BLUE. 3. Set your mobile device to search for Bluetooth devices. When it appears, select DRTWS53 from the list of found devices. 4. Once successfully paired, a tone will be heard, and the LED indicator will turn OFF. Playback will be controlled from your paired device, or the controls listed below. • 1x Press either Multi button to pause playback. Press again to resume. • 2x press the RIGHT Multi button to decrease the volume. • 2x press the LEFT Multi button to increase the volume. • 3x press the RIGHT Multi button to skip to the previous track. • 3x press the LEFT Multi button to skip to the next track.
