Safety instructions

Read this manual carefully before putting the appliance into operation and keep this manual for future reference.

- Keep the device away from heat, direct sunlight and sharp edges.
- Keep the device away from naked flames.
- Do not insert any metal object into the device.
- Risk of short circuit.
- To avoid a static charge, do not use the device in an extremely dry climate.
- Do not repair the unit yourself but contact an authorised specialist (danger of explosion if the battery is incorrectly replaced). The authorised specialist should replace only with the same or equivalent battery type.
- Do not immerse product in any liquid to avoid short circuits.
- Avoid placing the speaker in direct contact with flowing water.
- For best results apply suction cup to a smooth, flat surface.

FCC Compliance Statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Any changes or modifications not expressly approved by the party responsible for compliance could void the user’s authority to operate the equipment.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try and correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
