

Authorization Letter for Use of FCC Test Reports

Date: 16/06/2026

To Whom It May Concern,

Murata Manufacturing Co., Ltd. hereby authorizes [**SECO S.p.A.**] and its appointed certification body, test laboratory, and regulatory representatives to reference and use the FCC certification documentation associated with the Murata wireless module identified below in support of the FCC certification of the host product into which the module is integrated.

Module Information

- Module Manufacturer: Murata Manufacturing Co., Ltd.
- Module Model Number: **LBEE5PL2DL**
- FCC ID: **VPYLBES5PL2EL**

This authorization specifically includes the use and review of the FCC test reports and supporting certification documentation submitted as part of the original FCC certification of the above-referenced module.

The purpose of this authorization is solely to support the FCC authorization of the host product incorporating the certified Murata module in accordance with applicable FCC requirements and guidance, including FCC KDB 996369.

This authorization does not transfer ownership of the certification documents or grant any rights beyond their use for the above-mentioned certification activity.

Should any additional information be required, please contact Murata Manufacturing Co., Ltd.

Sincerely,

Name: Kenji Hayashikoshi

Title: Senior Manager

Company: Murata Manufacturing Co., Ltd.
