Subject: **Compliance with KDB 996369 D03 OEM Manual v01r01, Section 2.1**

Applicant: SECO S.p.A.
FCC ID: 2ALZB-LSF15MP
Model number/name: LSF15MP

To whom it may concern

SECO S.p.A. hereby declares that the E15 Single Board Computer (SBC), identified under FCC ID 2ALZB-LSF15MP, incorporates an integrated wireless subsystem that is permanently installed during manufacturing and is not intended for separate distribution, installation, or integration by third parties.

In accordance with KDB 996369 D03 OEM Manual v01r01, Section 2.1, all information necessary to ensure continued FCC compliance of the E15 board, including operating conditions, installation restrictions, RF exposure requirements, and labelling requirements, is maintained under the control of SECO S.p.A. and is available only to authorized personnel involved in the design, manufacture, and support of the product.

The end-user documentation supplied with the E15 board and any equipment incorporating the E15 board does not contain instructions regarding the installation, removal, replacement, modification, or configuration of the integrated wireless subsystem. Such information is controlled exclusively by SECO S.p.A. and is not intended for end users.

SECO S.p.A. assumes responsibility for ensuring that the E15 Single Board Computer continues to comply with all applicable FCC requirements, including RF exposure, labelling, and operational restrictions as approved under the FCC certification.

This FCC application is submitted for the E15 Single Board Computer as a complete product incorporating an integrated wireless subsystem.

Sincerely,

Name: Alessandro Pali

Job Title: Head of PCB Design and V&V
