WARNING: FCC STATEMENT

1. This device complies with Part
15 of the FCC Rules. Operation
is subject to the following two
conditions:

- (1) This device may not cause
harmful interference, and
 - (2) This device must accept any
interference received, including
interference that may cause
undesired operation.
2. Changes or modifications not
expressly approved by the party
responsible for compliance could
void the user's authority to
operate the equipment.

This equipment has been tested
and found to comply with the
limits for a Class B digital device,
pursuant to part 15 of the FCC
Rules. These limits are designed
to provide reasonable protection
against harmful interference in a
residential installation. This
equipment generates, uses and

can radiate radio frequency
energy and, if not installed and
used in accordance with the
instructions, may cause harmful
interference to radio
communications. However, there
is no guarantee that interference
will not occur in a particular
installation. If this equipment does
cause harmful interference to radio
or television reception, which can
be determined by turning the
equipment off and on, the user is
encouraged to try to correct the
interference by one or more of the
following measures:
—Reorient or relocate the
receiving antenna.
—Increase the separation between
the equipment and receiver.
—Connect the equipment into an
outlet on a circuit different from that
to which the receiver is connected.
—Consult the dealer or an
experienced radio/ TV technician
for help.

FCC Radiation Exposure Statement:
This equipment complies with FCC
radiation exposure limits set forth for
an uncontrolled environment. In order
to avoid the possibility of exceeding
the FCC radio frequency exposure
limits, Human proximity to the
antenna shall not be less than
20cm (8 inches) during normal
operation
