

1

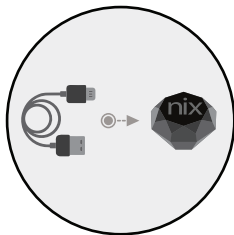

UNPACK AND CHECK THE CONTENTS

Make sure your box contains the Nix Mini, charging cable, and lanyard.

2

WAKE UP YOUR NIX MINI

The Nix Mini arrives in a “sleeping” state. Wake it by plugging it in to any standard charger.

3

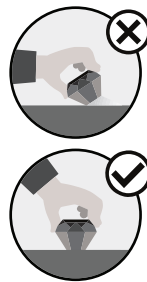

LAUNCH THE APP AND CONNECT YOUR DEVICE

Download the Nix Mini App from nixmini.com/apps. Launch the app and connect your Nix Mini.

4

START SCANNING

Place your Nix Mini flat on any surface and start scanning! Remember to keep the device flush with surface for accurate results.

5

FAQS

Is my device compatible with the Nix Mini?

The Nix Mini is compatible with iOS (8.0 or newer) and Android (4.4 Kit Kat or newer) with Bluetooth 4.0.

Can I use my Nix Mini while it is charging?

No. Be sure to unplug the Nix Mini prior to use.

6

FAQS

How do I connect my Nix Mini to a different smartphone device?

Open the Nix App using your current smartphone device and navigate to the menu. Tap the Disconnect option.

I've tried everything and my Nix Mini won't connect. What do I do?

There is a small hole in the top of the Nix Mini lid. Use a paperclip to gently press the reset button.
