user manual

Instruction guide

1. USB Key Music Port
2. Fast Charging port (3.1A)
3. Microphone
4. Frequency Display Screen
5. Calls: Answer / End / Redial
 Music: Play / Pause
6. Lower Volume & Previous Track
7. Raise Volume & Next Track
8. Micro SD Card slot

WIRELESS CONNECTION

Turn on your smartphone's Bluetooth® function and search for **BT-RA-FM**; select it to pair. The pairing setup is complete once you see "CONNECTED" on your smartphone. You are now ready to play music from your smartphone and use the hands-free calling feature.

MUSIC PLAYER

Wireless: Play music from your smartphone's music player. Follow above pairing instructions.

USB Key: Plug your USB key into the USB music port. Music will start playing automatically.

Micro SD Card: Insert your Micro SD card into the Micro SD card slot on the transmitter's left side. Music will start playing automatically.

Raise volume on transmitter to MAX, then volume can be adjusted from your radio.

IMPORTANT: Music stored in your Micro SD card/USB Key cannot be in a folder. Music must be in MP3 format.

Functions and specifications are subject to change without notice

BUTTON FUNCTIONS

CALL Functions:
Press 1x to **Answer / End** phone call
Press 2x to **Redial** last outgoing phone number

You can also answer, end or redial directly on your smartphone & it will be transferred to the FM transmitter.
Device must be paired with the FM transmitter.

MUSIC Functions: for BT/USB/TF mode
Press 1x to **Play / Pause** music
Press and Hold to **Lower Volume**
Press 1x to skip to **Previous Track**
Press and Hold to **Raise Volume**
Press 1x to skip to **Next Track**

In wireless mode, you can also control music (volume and track selection) directly from your smartphone & it will be transferred to the FM transmitter.
Device must be paired with the FM transmitter.

Change MODES:
Press and HOLD to **Change Modes**
The modes are BT/USB/TF/FM

USB/TF mode cannot be activated unless the USB disk/TF card is connected to the FM transmitter.

Note: It needs two long press and the interval between two long press should be less than 5s, then the transmission frequency is flashing on the FM Transmitter's display screen, and then press button ⏮ and/or ⏭ to make adjustment, the incremental step is 0.1MHz.

Car charging function:
1. High-current vehicle charging interface can provide output DC5V 3.1A Max for multimedia devices (mobile phones, tablets, etc).
2. USB data interface can also be used as a charging interface when using a dedicated charging cable (without data transmission function).

Power off memory operation:
When the power is turned off at random in USB/TF mode, the FM transmitter remembers the track number of the song just played.

SPECIFICATIONS

FM Frequency Range:	87.5-108 MHz	Music Format:	MP3
Product Input:	DC12-24V	Capacity (USB Key):	32GB max
Charging Output:	DC 5V 3.1A Max	Capacity (Micro SD Card):	32GB max
		Operating Range:	≤15ft (5m)

WARNING:
CHOKING HAZARD - Small parts. Not for children under 3 years.

EXPAND
your car's radio features with added
HANDS-FREE CALLING, WIRELESS MUSIC & CHARGING PORTS

SIMPLE, FAST & EFFICIENT

PLUG INTO YOUR CAR'S CIGARETTE LIGHTER OR OTHER 12V OUTLET

SETTING UP YOUR TRANSMITTER

1. Insert the player into the car cigarette lighter, the screen of the player will be light up, and the start up state will be displayed, and at the same time, it will enter the automatic play.

2. Set the transmitting frequency of the player and try to avoid the radio frequency with strong local FM signal.

3. Turn on the car radio and check the car radio frequency, so that the transmission frequency of the car MP3 Bluetooth player can be adjusted to be consistent with the car radio frequency (Tips: when adjusting the car radio frequency, you should adopt manual frequency modulation, adjust the car radio frequency to a blank frequency (that is, there is no radio frequency), and then adjust the car Bluetooth MP3 transmission frequency to be consistent with the car radio frequency, so that the sound quality is the best, and the cleaner the car radio frequency, the better the sound quality).

FCC Information **FCC ID: 2AML6KR828**

This device complies with Part 15 of the FCC rules.
Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received; including interference that may cause undesired operation.
Federal Communications Commission (FCC) Statement
This Equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation
This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user authority to operate the equipment. Tested to comply with FCC standard.
FOR HOME OR OFFICE USE.

Warning:
This equipment complies with FCC RF radiation exposure limits set forth for an uncontrolled environment. This device and its antenna(s) must not be co-located or conjunction with any other antenna or transmitter.

LIMITED WARRANTY

RITE AID warrants to the first consumer purchaser that this product, when shipped in its original container to the original purchaser will be free from defective workmanship and materials for one year and agrees that it will, at its option, either repair the defect or replace the defective product or part thereof at no charge to the purchaser for parts or labor for the time periods described.

This warranty does not apply to any appearance items of the product nor to the additional excluded item(s) set forth below nor at any product the exterior of which has been damaged or defaced which design or construction. The limited warranty described herein is in addition to an applicable law. ALL IMPLIED WARRANTIES INCLUDING THE WARRANTIES OF MERCHANTABILITY AND FITNESS FOR USE ARE LIMITED TO THE PERIOD FROM THE DATE OF ORIGINAL PURCHASE SET FORTH BELOW.

Some states do not allow limitations on how long an implied warranty lasts, so the above limitation may not apply to you. Neither the sales personnel of the seller nor any other person is authorized to make any warranties other than those described herein or to extend the duration of any warranties beyond the time period described herein on the behalf of RITE AID.

The warranties described herein shall be the sole and exclusive warranties granted by RITE AID and shall be the sole and exclusive remedy available to the purchaser corrections of defects, in the manner and for the period of time described herein, shall constitute complete fulfillment of all liabilities and responsibilities of RITE AID. to the purchaser with respect to the product and shall constitute full satisfaction of all claims, whether based on contract negligence, strict liabilities and responsibilities of RITE AID be liable or in any way responsible, for any incidental of consequential damages, so the above exclusion may not apply to you. THIS WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS. YOU MAY ALSO HAVE OTHER RIGHTS, WHICH VARY FROM STATE TO STATE.

This warranty does not cover cables that have become frayed, cracked, or broken from use. The user should immediately replace this, or any, charge cable that has become frayed, cracked, or broken, as it may constitute a serious safety risk, including electrocution, if it is continued to be used.
