

EXHIBIT 2 - EUT EXTERNAL PHOTOGRAPHS

EUT View 1	 This photograph shows the EUT (JM-VL03) and its accessories. The device is a black rectangular unit with a label that reads "JM-VL03 GNSS Vehicle Terminal". It has a small screen and several buttons. To the right of the device are two cables: a black cable with multiple colored wires (red, yellow, green, blue, black) and a black connector, and a yellow cable with a black connector. A black ruler is placed horizontally below the device and cables, showing measurements in centimeters and millimeters.
EUT View 2	 This photograph is a close-up of the EUT (JM-VL03) next to a ruler. The device is a black rectangular unit with a label that reads "JM-VL03 GNSS Vehicle Terminal". It has a small screen and several buttons. A black ruler is placed horizontally below the device, showing measurements in centimeters and millimeters.

EUT View 3	 A black electronic device, likely a test probe or connector, is shown vertically. It has a cable extending from the top. The device is placed next to a black ruler with white markings. The ruler shows measurements in millimeters (0 to 100) and centimeters (0 to 10). The device is approximately 100 mm high.
EUT View 4	 A black electronic device, similar to the one in View 3, is shown horizontally. It has a cable extending from the right side. The device is placed next to a black ruler with white markings. The ruler shows measurements in millimeters (0 to 100) and centimeters (0 to 10). The device is approximately 50 mm wide.
