Press once to go to the previous track.
Press and hold to decrease the volume.

TWS Pairing

TWS pairing lets you connect two speakers to one device

- 1.Power on both speakers but do not connect them to any device yet.
- 2.Double press the Volume + button on one speaker to enter pairing mode.
- 3.Go to your phone's Bluetooth® settings and select the pairing name "Phone Stand Speaker" from the list of Bluetooth® device found, pair your speaker with your phone.

FM Radio Mode

To listen to local FM radio stations:

- Switch the speaker to FM mode by pressing the Play/Pause button twice quickly.
- Press the Play/Pause button to scan and save available stations.
- Use the Volume – and Volume + buttons to switch between saved stations.

How to Charge

- 1.Connect the speaker to a power source using the included USB-C charging cable.
- 2.The red battery indicator light will turn on during charging.
- 3.The indicator light will turn off when the speaker is fully charged.

FAQ

- 1.Why can't I start my speaker?**
 - Ensure the speaker is fully charged before first use.
- 2.Why is there no sound from the speaker?**
 - Confirm your playback device and speaker are properly connected via Bluetooth®.
 - Adjust your device volume to an audible level.
- 3.Why can't I find the speaker in my Bluetooth®options?**
 - Ensure Bluetooth®on your device is turned on and set to visible.
 - If the speaker is not paired within a few minutes, it will exit pairing mode—then reopen Bluetooth®on your device.
 - Restart your phone or the speaker if needed to resolve any connection issues.

FCC Statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.However, there is no guarantee that interference will not occur in a particular installation.If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures :

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected,
- Consult the dealer or an experienced radio/TV technician for help.

! WARNING

! WARNING: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

RF warning statement:

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

- **Charge and operate only as indicated in this manual**, as improper use may result in damage to the product or injury.
- **To avoid risk of shock or injury, do not dismantle the device or insert any objects into the Heaphone.**
