ASSEMBLY GUIDE

Step 1: Use the included Philips head screwdriver to open up the back panel on the Backglass.

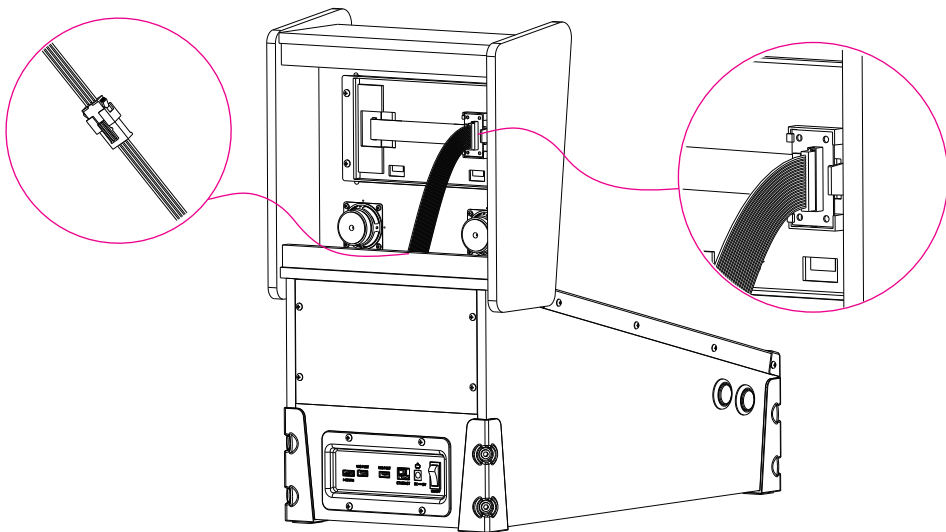

Step 2. Insert [S2] Dowels to the matching hole on top the Playfield.

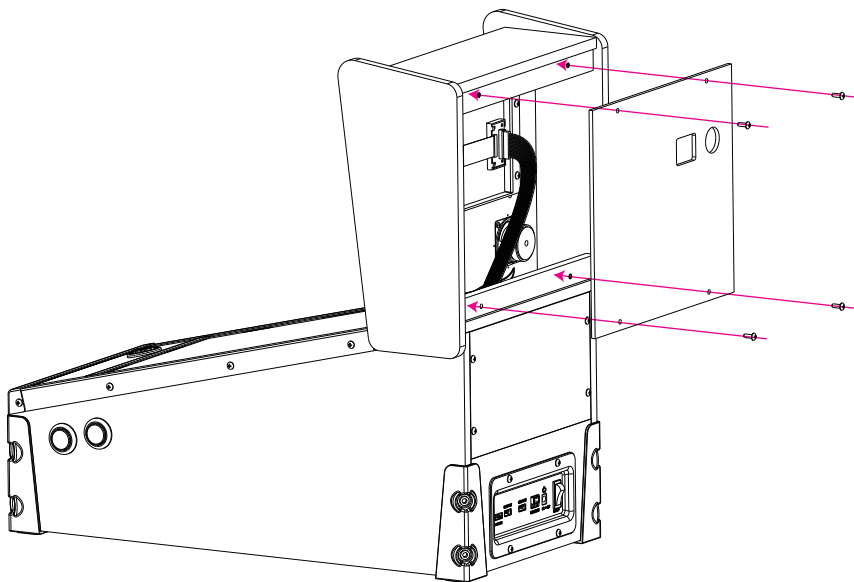

Step 3. Feed the video and audio cables through the hole on the back of Backglass, and attach the Backglass to the top of the Playfield through the dowels.

Step 4. Insert 2 [S1] screws to the matching holes and tighten them.

ASSEMBLY GUIDE

Step 5. Connect the video and audio cables to the matching slots.

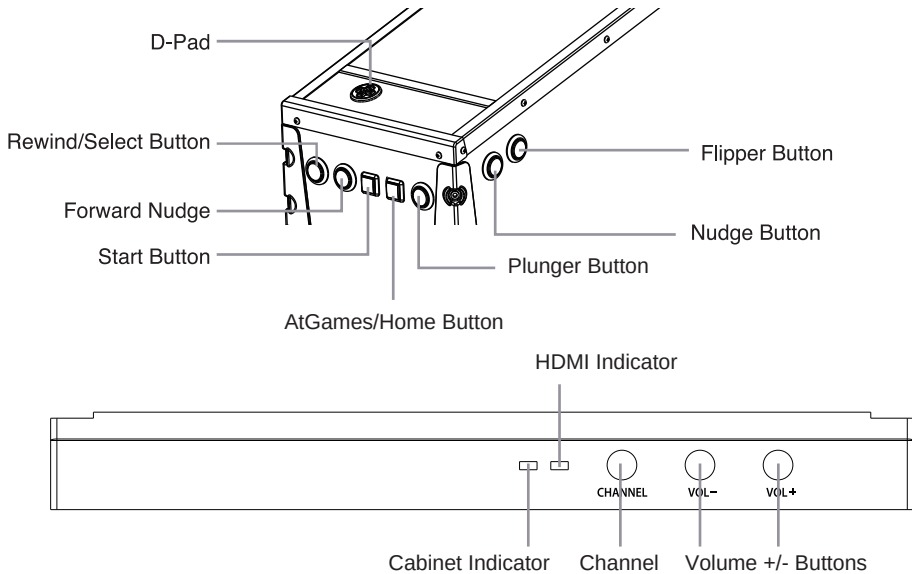

Step 6. Attach the back cover of the backglass and tighten it with the included Philips head screwdriver.

PACKAGING/UNBOXING WARNING

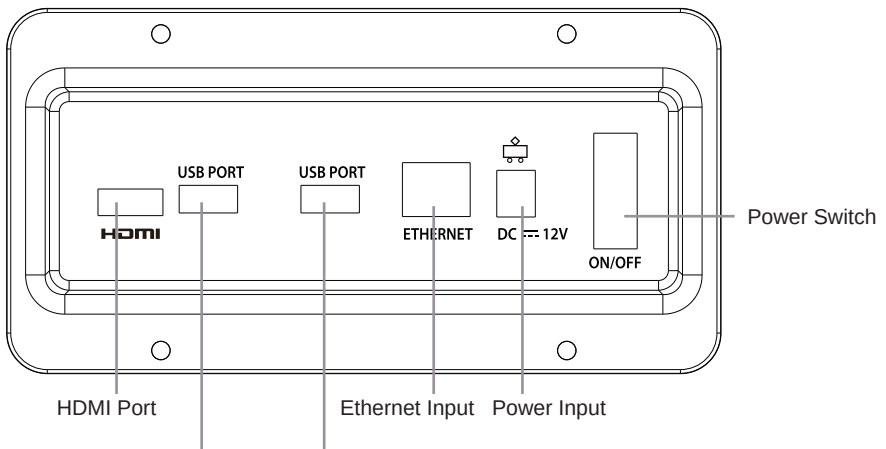

- Please note that when assembling the machine that the top rear of the playfield has an opening for connecting the backglass.
- Due to the weight of the cabinet body, do not carry the cabinet body by grabbing the opening on the backglass. This can cause serious damage to both the body and electronics inside.
- Please exercise extra caution when moving the cabinet body and backglass so that you have an ideal and safe out-of-the-box experience.
- Please use caution when removing the cabinet body and backglass to avoid damage to the components.

CONTROLS AND INPUTS

Located on the back of unit

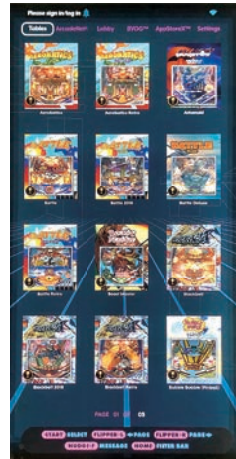

• **Left USB Port** for additional storage (USB flash drive not included)

• **Right USB Port** for OTG (on-the-go) connectivity

QUICK START GUIDE

1. Plug in the AC adapter and press the power button located on the back of the cabinet to turn on. Use the D-pad to select from the 50 pre-loaded games.
2. Connect to the internet via the Ethernet port (Ethernet cable is not included) or Wi-Fi for system updates and to play more games on ArcadeNet®.
3. To connect through Wi-Fi:
 - 3-1. Select [Wi-Fi] under the [Settings] page.
 - 3-2. Select the Wi-Fi SSID you would like to connect to and select [Connect].
 When prompted, enter the Wi-Fi password using the on-screen keyboard and select [Submit] when done.

HOW TO UPDATE FIRMWARE

1. Power on the ALP Micro.
2. Connect to internet via Ethernet (Ethernet cable is not included) or Wi-Fi.
3. Go to [Settings] and select [Version].
4. If there is a newer firmware, follow the instruction to download the latest firmware. Make sure the internet connection is stable during this process.
5. Once the firmware is downloaded successfully, select [Upgrade] and the device will reboot automatically to activate the new firmware version.

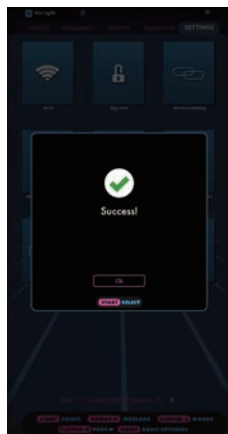

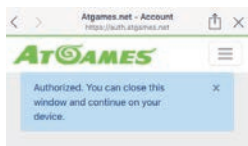

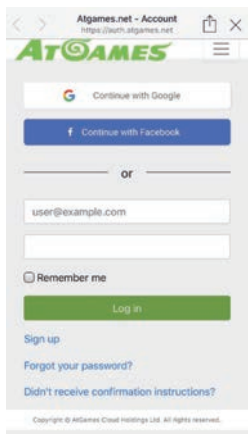

Note: If you encounter any issues during firmware update, contact support at: <https://arcades.atgames.net/contact/>
