Before Use
- Please read this guide before using the device in order to ensure safe and proper use.
- Please consult your device packaging to determine whether this product is compatible with your device.
- Your consumer rights are governed by the law of the country in which you purchased the product. Please contact your service provider for more information.

MagSafe® Compatible Charging Car Vent Mount

What's In The Box?

A	MagSafe® Compatible Charging Unit
B	Vent Mount - located underneath
C	30W Car Adaptor - located underneath
D	USB-C Cable - located underneath

MagSafe® Compatible Charging Suction Mount

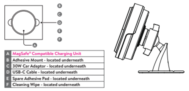
What's In The Box?

A	MagSafe® Compatible Charging Unit
B	Suction Mount - located underneath
C	30W Car Adaptor - located underneath
D	USB-C Cable - located underneath

How To Set Up Your MagSafe® Compatible Vent or Suction Charging Car Mount
1. Carefully remove the car charger, mount, car adaptor and the USB-C cable from the packaging.
2. Follow the installation guide to assemble and position your mount.
3. Plug one end of the USB-C cable into the charger head, and the other end into the 30W car adaptor.
4. Plug the car adaptor into the car outlet.
5. You will hear the fan turn on for a brief second as a signal that the charger is working.
6. Place your Qi2 compatible device on the Qi2 module, ensuring that the devices are properly aligned with the magnetic connection.

MagSafe® Compatible Adhesive Charging Car Mount

What's In The Box?



A	MagSafe® Compatible Charging Unit
B	Adhesive Mount - located underneath
C	30W Car Adaptor - located underneath
D	USB-C Cable - located underneath
E	Spare Adhesive Pad - located underneath
F	Cleaning Wipe - located underneath

How To Set Up Your MagSafe® Compatible Adhesive Charging Car Mount
1. Carefully remove the car charger, mount, car adaptor and the USB-C cable from the packaging.
2. Choose a smooth surface with sufficient clearance and no obstructions.
3. Heat the car's interior by turning on the heating system for 20 minutes.
4. Clean the chosen mount location on the dashboard using the provided alcohol wipe. Optionally, use a hairdryer to heat the adhesive for 20 seconds to enhance adhesion.
5. Once the area is dry, firmly press the adhesive mount against the surface with both hands, ensuring maximum contact.
6. Allow the mount to cure for 24 hours, preferably with the car's interior heating system on for one hour to improve adhesion.
7. Follow the installation guide to assemble and position your mount.
8. Plug one end of the USB-C cable into the charger head, and the other end into the 30W car adaptor.
9. Plug the car adaptor into the car outlet.
10. You will hear the fan turn on for a brief second as a signal that the charger is working.
11. Place your Qi2 compatible device on the Qi2 module, ensuring that the devices are properly aligned with the magnetic connection.

Important Safety Instructions – Warning
Read all instructions and warnings prior to using this product. Improper use of this product may result in product damage, excess heat, toxic fumes, fire or explosion, for which damages you ("Purchaser"), and not Mous Products Ltd. ("Manufacturer") are responsible.
X Do not place metal objects between phone and charger as the charger may get very hot.
X Do not use or store devices in high-temperature environments, including heat caused by intense sunlight or other forms of heat, as this may reduce charge efficiency or reduce lifespan of the product.
X Do not place product in fire or other excessively hot environments. Exposure to fire or extremely high heat may cause explosion.
X This product is fitted with magnets. Pacemaker and ICD users are advised not to position the MagSafe® Compatible Charger Mount within 20cm radius of their implanted device as it may cause interference.
X Do not expose the MagSafe® Compatible Charger Mount to water. Exposure to water may result in short circuiting. If short circuiting occurs immediately turn off at the wall.
X Do not use the MagSafe® Compatible Charger Mount in excess of its output rating. Overloading outputs above rating may result in a risk of fire or injury to persons.
X Do not disassemble this product or attempt to repurpose or modify it in any manner.
X Do not attempt to replace any part of this device. Any modification or disassemblement may result in a void of warranty.
X Use of a power supply or charger not recommended by Mous® may result in a risk of fire or injury to persons.
X If this device is accessible to or may be used by a minor, the purchasing adult agrees to be solely responsible for providing supervision, instruction, and warnings. Purchaser agrees to defend, indemnify, and hold Manufacturer harmless for any claims or damages arising from unintended use or misuse by a minor.
X All products have gone through a thorough quality assurance inspection. If you find that your device is excessively hot, is emitting odour, is deformed, abraded, cut, or is experiencing or demonstrating an abnormal phenomenon, immediately stop all product use and contact Mous.
X Switch off the MagSafe® Compatible Charger Mount when not in use.
X Use the car adaptor with your car's DC12-24V output socket.
X Please do not use the car adaptor near open water or high temperatures. Ideal temperature for this adaptor is 0-45°C.
X To comply with FCC RF exposure compliance requirements, the MagSafe® Compatible Charger Mount must be used with a separation distance of at least 20cm from all persons.

Legal
This product is meant for use only in conjunction with the appropriate device. Please consult your device packaging to determine whether this product is compatible with your particular device. Manufacturer is not responsible for any damages to any device incurred through the use of this product. Manufacturer shall not in any way be liable to you or to any third party for any damages you or any third party may suffer as a result of use, intended or unintended, or misuse of this product in conjunction with any device or accessory other than the appropriate device for which this product is designed. Manufacturer will not be responsible for any damages you or any third party may suffer as a result of misuse of this product as outlined above. Purchaser agrees to defend, indemnify, and hold Manufacturer harmless for any claims or damages arising from unintended use or misuse, including use with an unintended device. Mous® is a trademark of Mous Products Ltd. The Qi2 logo is a trademark of the Wireless Power Consortium.

FCC Statement
This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced technician for help.

FCC Radiation Exposure Statement
The equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance between 20cm the radiator your body.. CAUTION: To comply with the limits of the Class B digital device, pursuant to Part 15 of the FCC Rules, this device must be used with certified peripherals and shielded cables. All peripherals must be shielded and grounded. Operation with non-certified peripherals or non-shielded cables may result in interference to radio or reception. MODIFICATION: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Statement of Compliance
Mous® declares that the radio equipment wireless charging base is in compliance with Directive 2014/53/EU. The full text of the EU declaration of conformity is available at the following internet address: **www.mous.co**

Charger Product Specification

Technology	WPT
Operating Frequency Range	UK EU only: 128K&360Hz
Maximum field strength	11.51dBμA/m(@3m)
Manufacturer	Huizhou Speed Wireless Technology Co., Ltd.
Manufacturer address	No. 138, Hi-tech District East-river, Huizhou, Guangdong, China

Car Adaptor Product Specification

Input	DC 12-24V
Output USB-C	PD3.0 (30W) 5V⎓3A, 9V⎓3A, 12V⎓2.5A
Total Power	30W
Size	67.5 x 32 x 32mm
Weight	19g

IC Statement
Radio Standards Specification RSS-Gen, issue 5.
This device contains license-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada, Operation is subject to the following two conditions:
- This device may not cause interference,
- This device must accept any interference, including interference that may cause undesired operation of the device.

IC RF Exposure Statement
The equipment complies with IC Radiation exposure limit set forth for uncontrolled environment. This equipment should be installed and operated with minimum distance 10cm between the radiator and your body.

WEEE Declaration
All of our products are marked with the WEEE symbol; this indicates that this product must NOT be disposed of with other waste. Instead it is the user's responsibility to dispose of their waste electrical and electronic equipment by handing it over to an approved re-processor, or by returning it to Mous® for reprocessing. For more information about where you can send your waste equipment for recycling, please visit **www.mous.co**

Warranty
At Mous®, we are dedicated to making high quality products that last. To give you peace of mind, this product is warranted for 2 years from the date of delivery. For full details regarding warranty terms and exclusions, please visit: **www.mous.co/warranty**. This warranty does not affect any statutory rights that you may be entitled to. Keep a copy of your purchase receipt as proof of purchase.
