## Photographs

|                                          |
|------------------------------------------|
| 1. SAR measurement System                |
| 2. Photographs of Tissue Simulate Liquid |
| 3. Photographs of EUT test position      |
| 4. EUT Constructional Details            |

## 1. SAR measurement System

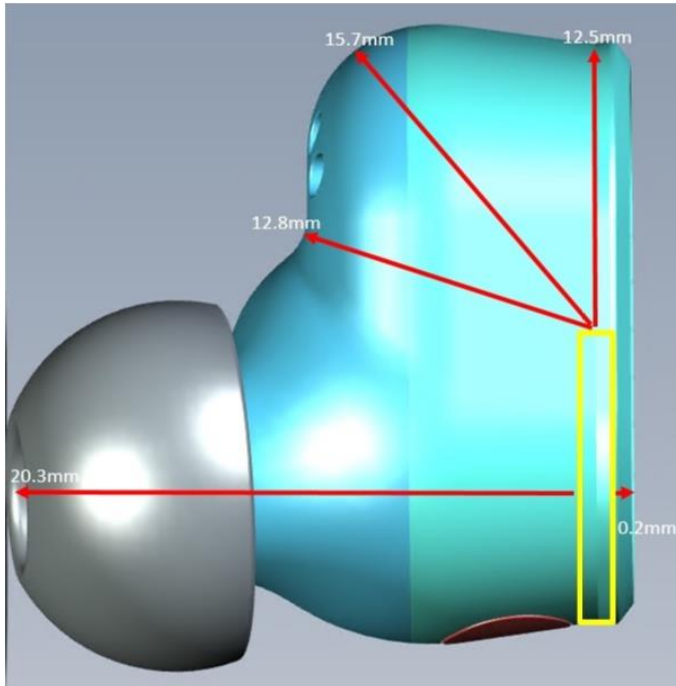

2. Photographs of Tissue Simulate Liquid

|                                                                                   |    |
|-----------------------------------------------------------------------------------|----|
| Photo 1: Tissue Simulant Liquid for HBBL600-10000MHz                              | NA |
|  | NA |

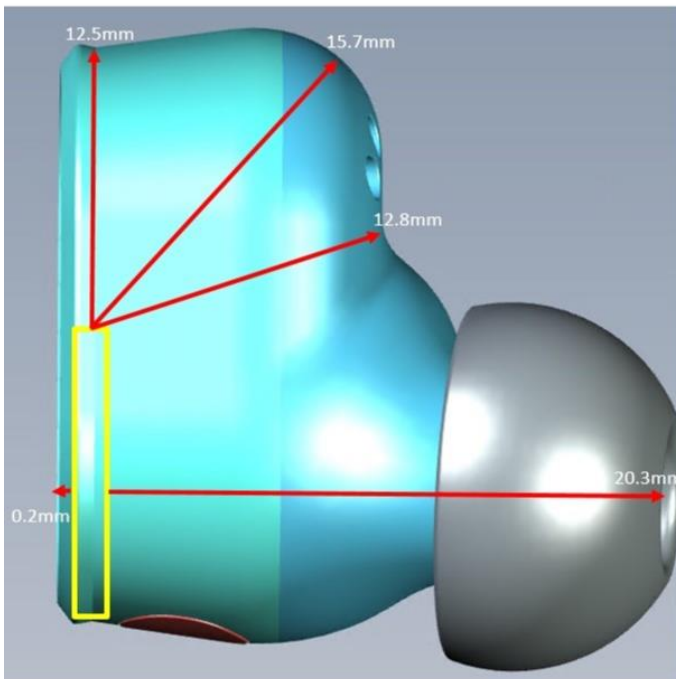

### 3. Photographs of EUT test position

| Photo 2: Left cheek                                                                                                                                                                                                                                                                                              | Photo 3: Left tilted                                                                                                                                                                                                                                                                                                                                                           |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|  A photograph showing a white, rectangular test fixture mounted on a black base. A small, circular, silver-colored component is visible on the top surface of the white fixture. The background is a plain, light-colored wall. |  A photograph showing the same white, rectangular test fixture mounted on a black base, viewed from a slightly different angle (left tilted). A small, circular, silver-colored component is visible on the top surface of the white fixture. The background is a plain, light-colored wall. |

## 4. DUT Antenna Locations

Left Earbud

Right Earbud

## **5. EUT Constructional Details**

Details please Refer to External and Internal Photos for SZCR2310003394AT.
